Text: Mastering Healthcare Terminology, 3rd^d ed.
Author: Betsy J. Shiland, MS, RHIA, CPHQ, CTR

Description:

We will be reviewing prefixes, word roots, and suffixes again with each chapter. This text presents the chapter information in a modular format, while providing information about careers in the healthcare industry. Well-laid out tables provided a wealth of information in each chapter.

Requirements:

We will be covering 2 to 3 chapters per class session. The textbook exercises in each chapter are for the benefit of the student. Student's questions are highly encouraged during class sessions.

Evaluation:	Chapter Examinations	50%
	Class Participation	10%
	Attendance	10%
	Homework	30%

Course Schedule: Saturdays, November 7 through December 19, 2009, 8 a.m. to 2 p.m.

Homework: A packet of all homework assignments will be given out at the first class session. All appropriate chapter assignments will be handed back to the instructor at the next class session.

Examinations: Each chapter will have a 50 question multiple choice exam. Review sessions will occur at the beginning of class on November 14 and the beginning of each class session thereafter. Exams will be given for the previous week's lectures after the review sessions.

Students with Special Needs:

Any student who possesses a documented disability or who has special academic/physical needs should contact Chris Scarborough (892-5751) or consult with a counselor in Student Services at Three Rivers Community College so that those needs may be properly addressed.
