Filtered Selection 464 Ace Lacquer Thinner High Strength

Sample Reference Number 0464

Major Peaks: Click on link(s) to the right to see properties, mass spectrum, IR spectrum and additional data.

[acetone](#)

[n-heptane](#)

[2-butoxyethanol](#)

Date of Run 02/11/2008

Classification Oxygenated

Predominant ion profile Aromatics

HC Range C 4 - C 9

Brand Name Ace Lacquer Thinner High Strength

Product Use Lacquer Thinner

Condition unweathered

Supplemental Info 0.02 uL undiluted sample injection w/ no solvent delay.

Sample Available Yes [Order Sample\(s\)](#)
