To create and edit a wiki, take the following steps.

1. While on the course page, click **Tools** from the bottom on the left hand side column.

2. On the Tools page, scroll down and click on **Wikis**. Then select any Wiki you want to create a page in.

3. On the Wiki, click the **Create Wiki Page** button to start making a new wiki page.

4. On this page, you can add a name and add content to your wiki page. Once you’re satisfied with your content click **Submit** either at the top or bottom of the page.
5. If you wanted to edit your Wiki page simply click the **Edit Wiki Content** button and it will bring you back to the content creation page. If you wanted to view changes between different versions of your wiki page click **My Contribution**.

6. On the My Contribution page, it will give you several columns of information such as viewing different versions of your page, comparing the latest version with an older one, when a page was created and how many words were modified.
