Phlebotomy Technician

This **accelerated** course prepares students for entry level competencies as phlebotomists in hospitals, clinics, blood banks, and other healthcare settings. Our graduates will be trained to collect, transport, handle, and process blood and other specimens for laboratory analysis using venipuncture and micro collection techniques.

In addition, our students will be able to identify and select equipment, supplies, and additives used in blood collection. Students will also understand factors that affect specimen collection procedures and test results.

Course Components

This course is comprised of 80 hours Lecture, 15 hours Lab, 40/100 hours Clinical based on clinical hours rotation.

Please Note:

- Students will develop skills in performing phlebotomy procedures during on-campus training followed by off-site clinical.
- Successful completion of *all three course components* are required to graduate.
- Lab dates and hours, and clinical locations will be given in the beginning of class to ensure ample time to inform employers of this training. Time off from work may be required.

CERTIFICATION

This course prepares you to take the national certification exam issued by the

National Center for Competency Testing (NCCT)

and/or the

American Society for Clinical Pathology (ASCP)

Healthcare Career

A career as a phlebotomist offers flexible hours, nice working conditions and a chance to perform an integral, respected job in the health care profession with minimal post-secondary education required. In general, phlebotomists work directly with patients from newborns to the elderly.

Registration Requirements:

- ◇ Provide proof of *high school completion* or equivalent
- ◇ Proof of TB (PPD) test results within the last year from the clinical end date
- ◇ Proof of 2 Measles, 2 Mumps, 1 Rubella (MMR) or Titer
- ◇ Proof of vaccine or antibody Titer for Varicella (Chicken Pox).
- ◇ Depending on your clinical placement a flu shot may be required.

Students who provide proof of college level Math and English courses will be exempt from the entrance exam. Registrations will be denied without requirements.
