REQUIRED

This course provides a broad view of federal, state, and municipal environmental regulations as they apply to industry, commercial establishments, local governmental facilities, and the individual citizen. It provides a practical approach to regulatory understanding to enable one to plan an effective and economically sound compliance program. Course topics include the Clean Air Act (CAA), Clean Water Act (CWA), Toxic Substance Control Act (TSCA), SARA Title III (Community Right-to-Know), and federal, state, and local regulations, covering such topics as hazardous material transportation, in-ground tank storage, and specific hazardous materials such as asbestos and PCBs.

Last day to withdraw: go to this website

http://www.trcc.commnet.edu/Div_academics/Admin/calendar.shtml

Incomplete: An incomplete must be finished within 60 days of the last day of the semester.

Disabilities: If you have a disability that may affect your class performance please come see me as soon as possible.

THERE WILL BE NO MAKE-UP QUIZZES WITHOUT PRIOR APPROVAL.

Portfolio and Notes - All students are required to maintain learning portfolios. The student will keep his/her learning portfolio/notebooks.
