### **COURSE DESCRIPTION**

Public Speaking introduces students to the principles and basic skills of effective speech communication. Students will research, compose, and deliver speeches of increasing complexity and sophistication. The course familiarizes students with the strategies and techniques of successful informative and persuasive public speaking so students gain an understanding of how communication happens and how people participate in public discourses. The course also exposes students to the rhetorical dimensions of many types of public speech and teaches them to be more critical listeners who can respond rhetorically to complex issues and ideas.

- Critically evaluate examples of public discourse.
- Demonstrate the acquisition of skills in public speaking and argumentation within several speech structures and contexts.
