

Principles of Macroeconomics
Eco – K101
Mr. Phil Mayer

pmayer@trcc.commnet.edu
(860)215-9453

OFFICE HOURS (Office C208, beyond library in C wing, 2nd level)

Monday 11-noon; 12:15-1

Tuesday and Thursday 1:30-2;30pm

Wednesday 10:30-11:30am tutoring in C117; 11:30-noon in my office. I may be in the office from 12:15-1, but I sometimes have meetings at that time.

Friday 10:30-11:30 tutoring in C117; 11:30 to noon in my office 12:15-1 (second Friday of the month unavailable after noon)

COURSE DESCRIPTION: This class introduces students to the fundamentals of the economic system and economic cycle and to problems inherent in our economic system, such as inflation, recession, and unemployment. Discussion of money and banking, national income measures, and ways to stabilize the economy are all included. Students should learn how to think like an economist.

REQUIRED TEXT: CoreMacroeconomics 3rd edition by Gerald Stone (second edition is fine)

STUDY AID: There are two CDs in the library under my name. You may use them in the library to reinforce key concepts discussed in class such as supply and demand, aggregate supply and demand, recession, inflation, stagflation, and monetary economics.

GRADES

4 tests (top 3 grades, 20% each)	60%	100-94 = A	79-77 = C+
Homework	10%	93-90 = A-	76-73 = C
Project	10%	89-87 = B+	72-70 = C-
Final *	20%	86-83 = B	69-67 = D+
		82-80 = B-	63-66 = D
			62-60 = D-

* If you have a “91” test average – including all tests – then you are exempt from the final so long as you have successfully completed the homework and the project.

ATTENDANCE: It is important that you attend class; you cannot learn if you’re not there. Numerous unexcused absences (more than 5 unexcused absences and/or disruptions) will affect your grade. It is your responsibility to get all notes, materials, and assignments for any classes that you miss. If you regularly miss class, or are consistently late and/or consistently leave early, that will be a clear signal to me that you do not care

about grade; consequently, failure to regularly attend class and/or consistent disruption of class will result in the lowest test grade **NOT** getting dropped.

I expect all of my students to have the integrity and character to be honest at all times. Students caught cheating will get a “0” on that test, and it will not be dropped. In addition, you may get an “F” in the class regardless of your average.

We will at times discuss issues which people have different opinions about. Please remember to respect each other and act civilly at all times.

Make-up exams will be given **ONLY** if the student has contacted the instructor **PRIOR** to the test. Make-ups will be administered during my regular office hours **ONLY**. Students **MUST** take the exam **BY THE NEXT SCHEDULED CLASS TIME** – **NO EXCEPTIONS**. Failure to follow this policy will result in either a grade of 0 on that test, a penalty of 10 to 20 points, and/or a make-up exam that is all essay. You will be allowed to take one make-up exam per class per semester.

Ten points per day will be deducted from any assignment that is late. In the real world, those who can’t meet deadlines are fired.

Snow: In the event of wintery weather, please listen to 106.5, Q105, I-98, 1350AM, or WSUB for cancellations. If you do not hear that Three Rivers Community College is closed, that means we are open. You can also look at the website www.trcc.comnet.edu or call the switchboard at 886-0177 for weather info. If you do not hear we are closed, TRCC is open and class will be held. **I will be at school in the event of snow.** However, if you believe that it is too dangerous to come to class, that’s understandable; you are still responsible for finding out what you missed (see tentative course outline on third page) and learning that material.

*** The best way to study for my tests is to study my lecture notes and the homework I assign. It is important that students learn **ALL** of the definitions we discuss in class; toward that end, students will find making “flashcards” with the word on one side and the definition on the other useful. These flashcards can be used to learn about the various graphs we discuss as well.

COURSE OUTLINE

TEST 1: Chapters 1, 2, 3, roles of govt., handouts (**Wednesday, 02/18**)

NO CLASS 02/16 – Presidents’ Day or March 5

TEST 2: Chapters 5, 6, and handout (**Wednesday, March 11**)

No class week of March 17 or March 25

TEST 3: Chapters 9, 8,, handout on Aggregate Expenditures model, chapter 12 handout (*) schools of economic thought,(*) 10, p. 242 (* = not in book) (**Wednesday, April 15**)

TEST 4: Chapters 12, 13, handout from Cities without Suburbs (*), problems facing CT (*) (**Wednesday, May 6**)

Rusk: read Lessons 3, 4, 7 - 11, 13, 14, 17, 18, 21, 22 and 24

FINAL: take-home, due **Wednesday, May 13** by **noon** (NO CLASS – please email me the final or drop off at my office)

PROJECT: Due: Monday March 9, 2015. PLEASE DO NOT EMAIL ME THE PAPER! (*You may submit homework via email if you can't make it to class*) Find seven newspaper, magazine, or internet articles (credible sources, only) about the economy. At least 2 of these articles must be international, one must be on the nation's economy, 1 must be on the economy of New London County (or the county where you live) and 1 must be on the economy of Connecticut (or the state where you live). The other two articles can be from anywhere. These articles must be from within the past 3 months. Summarize these articles, and relate them to what you've learned in class. The paper should be 4 to 5 pages in length doublespaced. Cite your sources (any format acceptable)! (I do not need you to submit copies of the articles). If the article relates to a topic discussed in class, then describe how it relates. Grammar is 25% of your grade. You will lose 5 points if you do not use a stapler.

Suggested sources: The New London Day (theday.com), the Hartford Courant (ctnow.com), The New York Times, Time magazine, Newsweek, U.S. News and World Report, The Economist magazine, cnn.com, abcnews.com, nbcnews.com, Wall Street Journal (online.wsj.com/public/us). All of the sources are available at the Learning Resource Center. If you need help, ask me or the librarian ☺

DIGICATION: As a student, you are required to maintain an online learning portfolio using a college-designed template in Digication. Through this electronic tool you will have the opportunity to monitor your own growth in college-wide learning. It may even help you determine a major that is best suited to you. You will be able to keep and maintain your learning portfolio after graduation. A Three Rivers General Education Assessment Team will select and review random works to improve the college experience for all. If your work is selected and reviewed for assessment purposes, it will remain anonymous and private. Digication provides a “place” where you will connect your learning from the classroom, college, and life in general. Sometimes when you review all of the work you have done and think about it, you end up learning something different and perhaps unexpected. Please review your course outlines to determine what assignments to upload into the TRCC Digication template and please post your own choices, as well. Have fun in learning!

College Withdrawal Policy: A student who finds it necessary to discontinue a course **MUST** complete a withdrawal form obtained from the Registrar’s Office. Students may withdraw from class anytime during the first ten weeks of the semester without being in good standing or obtaining prior permission of the instructor. After that period, a student wishing to withdraw must obtain written authorization of the instructor to receive a “W” grade for the course. Students who fail to properly withdraw and discontinue coming to class will receive an “F” grade. Eligibility for refund of tuition is based upon date of withdrawal when received by the registrar. Verbal withdrawals will not be accepted.

Learning Disabilities Statement: If you have a disability that may affect your progress in this course, please meet with a Disability Service Provider (DSP) as soon as possible. Please note that accommodations cannot be provided until you provide written authorization from a DSP.

CELL PHONE POLICY:

Students are notified that cellular phones and beepers are allowed in class or in the Learning Resource Center only if they are turned off or turned to a silent mode. Under no circumstances are phones to be answered in class. When there are extenuating circumstances that require that a student be available by phone or beeper, the student should speak to the instructor prior to class, so that together they can arrive at an agreement.

COURSE DESCRIPTION: This class introduces students to the fundamentals of the economic system and economic cycle and to problems inherent in our economic system, such as inflation, recession, and unemployment. Discussion of money and banking, national income measures, and ways to stabilize the economy are all included. Students should learn how to think like an economist.

OUTCOMES

- 1) To demonstrate knowledge of the business cycle
 - a) Interpret a graph of the business cycle.

- b) To explain the effects of recession.
 - c) To illustrate via aggregate demand and aggregate supply graphs the affects of recession, demand-pull inflation, cost-push inflation, and an increase in aggregate supply.
 - d) Discuss how the government will use its tools of fiscal policy to stimulate the economy in times of recession and inflation.
- 2) To demonstrate an understanding of how supply and demand work together to set prices.
- a) To distinguish a change in demand with a change in quantity demanded.
 - b) To distinguish a change a change in supply with a change in quantity supplied.
 - c) To analyze the cause(s) of a change in demand or a change in supply.
 - d) To analyze the affects of price floors and price ceilings.
- 3) To demonstrate an understanding of how our banking system works
- a) To explain the 3 functions of money.
 - b) Calculate $m1$, $m2$, $m3$, and the deposit expansion multiplier.
 - c) Explain the roles of a central bank.
 - d) To explain how a central bank will use its tools of monetary policy to stimulate the economy.
