For further assistance, please contact Matt Liscum in the Office of Disability Services at 860.215.9265 or mliscum@threeivers.edu. Please note that an instructor cannot provide disability accommodations until a student provides the necessary paperwork from the college's Office of Disability.

Academic Integrity:

Academic integrity is essential to a useful education. Failure to act with academic integrity severely limits a person's ability to succeed in the classroom and beyond. Furthermore, academic dishonesty erodes the legitimacy of every degree awarded by the College. In this class and in the course of your academic career, present on your own best work; clearly document the sources of the material you use from others; and act at all times with honor.

PLAGIARISM:

Plagiarism is the unacknowledged use of another person's work or ideas in your writing. It is often known as copying word for word. However, even paraphrasing without acknowledgement or using the ideas of peers garnered from class discussion or a study group is considered plagiarism. Whether it is conscious or unconscious, plagiarism is a serious academic offense. Your writing for this course and any other course at TRCC, is expected to be original, current, and the product of your own thinking. A student who has plagiarized will receive a ZERO on that assignment, and will be reported to both the Academic Dean and Student Services Dean where disciplinary action may be taken.

Technology Statement:

The use of cell phones or other technological devices is not permitted during class time, unless deemed appropriate by the instructor.

Electronic Learning Portfolios:

All students are required to maintain an online learning portfolio in Digication that uses the college template. Through this electronic tool students will have the opportunity to monitor their own growth in college-wide learning. The student will keep his/her learning portfolio and may continue to use the Digication account after graduation. A Three Rivers General Education Assessment Team will select and review random works to improve the college experience for all. Student work reviewed for assessment purposes will not include names and all student work will remain private and anonymous for college improvement purposes. Students will have the ability to integrate learning from the classroom, college, and life in general, which will provide additional learning opportunities. If desired, students will have the option to create multiple portfolios.

Email:

Correspondence by email is considered a method of communication. Emailing an instructor is not the same as emailing or texting a friend. Please use proper salutation, complete sentences, punctuation, proper spelling, and identify yourself by name in the body of the email. **Students must use their college issued email account. College issued email is the official mode of communication used by the college to contact students. Always sent email to my college email and cc to Mrstpayne@aol.com to alert me.**

GRADING CRITERIA

This course requires active involvement in learning experiences accompanied by reading, writing, and speaking activities that capture those experiences. The nature of the course content requires critical thinking skills to be learned, developed and applied.

- a. **Participation and Homework:** Students are expected to come to class prepared each week and actively participate in discussions. You can earn 5 points weekly for prompt attendance and participation. **An introductory meeting with the Professor is part of the participation grade.** (5 minutes to be completed by February 10th). Homework, as well as an organized comprehensive notebook (3-ring-binder) that includes the handouts, assignments and other information gathered is important to maintain and bring to class each week. Your notebook is subject to review at any time during the semester. Quizzes, discussion questions, and additional assignments will be part of the participation grade. Each student will be responsible to outline a chapter from the book and give a 10 -15 minute presentation using technology and provide a handout for the class of important information from the chapter.

“80% of success is showing up...” ~ Woody Allen

- b. **In-Class Reflection Papers/Quizzes:** At the beginning or end of some classes you will spend some time reflecting on what was covered in class and from the readings.. The paper will be done in class and will be based on guided questions. While grammar and punctuation will be checked, the paper will be evaluated upon content and treated as a rough draft. Complete sentences and legible handwriting is expected. You will NOT be able to make up reflections if you are absent as they will relate to the topics covered in the class/readings/guest speakers. There will be at least 3 quizzes given during the semester.
- c. **TRCC Event:** Each student must attend a **TRCC event** before April 21st. Notify the professor beforehand of the event you will attend. You will write one page essay about the event you attended, introducing it and commenting on it. You should include information that describes the event, identifies the sponsor, time of the event, where the event was held, a critical analysis of the event, and why you chose to attend. A 2 – 3 minute overview will be given in class. RUBRIC/MORE INFORMATION TO FOLLOW.
- d. ***Coping with College:** Write a 2-3 page reflective paper that addresses issues about you: Why is going to or returning to college important for you? What is going to be your greatest challenge? How will you overcome it? How do you think college will change your roles, routines, and relationships? What and who are some of your supports and what are obstacles you think you will face? How will you work around

obstacles that might prevent your success? What are some things you will do this semester to ensure your own success? What will be easy and what will challenge you? What are two things you must do as you build your plan for success? Why is a plan for success important? What help will you be seeking from me as your FYE instructor.

- e. **Syllabus Test:** The syllabus test will be composed of the following: multiple choice, true-false, short answer, matching, and essay questions. **This is given on the second week of class.**
- f. **Mid Term Exam and Final Exam:** There will be a midterm and final exam. Exams will consist of (but will not be limited to) multiple choice, short answer, true/false, matching, and essay questions. Exams cannot be made up unless arrangements have been made with the instructor *prior* to the time of the exam. Of course penalties apply to those taking the test after the test date.
- g. **Educational Plan and Career Exploration:** This assignment will help you map your coursework (requires you to meet your advisor and obtain a signed plan of study), provide an oral report of information reviewed, design a realistic plan for accomplishing your coursework, and learn to work with your advisor to accomplish your goals, and explore your career choice. *Additional information will be given out during a future class.
- h. **Non academic goal (NAG):** Students will be required to set a non-academic goal to be obtained by semester-end. The project requires the student to set short, mid, and long-term goals; manage his/her time; and present a 3-5 minute oral presentation at the end of the semester. More information will be provided for this project throughout the semester.
