

# **SOC 101 – Principles of Sociology**

## **Course Description**

This course introduces the student to the discipline of sociology, its development, theories, major findings, and to the sociological interpretation of modern society. Emphasis will be given to the importance of careful empirical investigation for the understanding of recent social and cultural changes. Students should be prepared to encounter basic issues in sociological method and in theory; inquisitiveness and an inclination toward systematic thinking will be useful.

## **Learning Outcomes**

**After successfully completing the course, a student should have the following skills and knowledge:**

### ***Critical Thinking:***

- **Utilize critical thinking skills to analyze society and human group behavior**
- **Develop the ability to think about society using the major sociological perspectives**

- **Develop an understanding of inequalities in our society and their consequences for both dominant and subordinate groups**
- **Demonstrate the ability to use the sociological imagination to understand human behavior**

*Cultures and Societies:*

- **Use sociological concepts to understand and analyze cultures and societies**
- **Identify the interrelationships between social, political, economic, and cultural institutions**
- **Develop an understanding of cultural differences within American society and around the world**
- **Evaluate the impact of social, political, economic, and cultural institutions on individuals**
- **Demonstrate knowledge of major figures in the field of sociology**

*Systematic Inquiry:*

- **Understand and utilize social scientific research methods for analyzing the social world**
- **Develop an understanding of different research methods used in sociological research**
- **Understand the appropriateness of different methods for different research questions**

## **Course Requirements and Grading**

*Six Exams:*

**Each exam will have 25 multiple choice questions and 15 true-false questions worth two points each, and five short-answer questions worth four points each, for a total of 100 points on each exam. In calculating your final grade for the course, the highest grade on the six exams will count as two exams and the lowest grade will be dropped. No make-up exams will be given unless the student presents a valid excuse. All make-up exams will be given the day of the sixth (last) exam). A student who misses an exam will receive a grade of 0 for the exam.**

*Ten Research Assignments:*

**There will be ten research assignments. Each assignment is worth a varying number of points, but the total number of points for all the research assignments is 100. Assignments not turned in on time will receive no points. The ten research assignments will count as a seventh exam. The research assignments are in *Course Content*. Go there first to read them. They are submitted in *Assessments*.**

*Attendance Policy:*

**Beginning Thursday, January 29, attendance will be taken daily. You are allowed two unexcused absences during the term. For each unexcused absence after two, your final course average will be reduced by two percentage points.**

## Course Policies

### *Academic Integrity:*

Students in this course will be expected to adhere to standards of academic integrity. Any student suspected of violating this obligation for any reason during the semester is subject to sanctions that may include, but are not limited to, receiving a failing grade on the assignment or examination, or receiving a failing grade for the course.
