Grading and Classroom Policies:

There are four semester exams in addition to the average of the homework assignments. The homework assignments are counted as a semester exam. If a semester exam is missed, it is a zero. I will drop the lowest semester exam grade (Exam 1, 2, 3) or the homework average, **but I will not drop the last exam grade.** The combination of the 4 grades is worth 90% of your grade.

Project:

Group Project – Each Group will be responsible for analyzing the financial statements of a publicly traded company, and present the findings to the class. Be creative, and integrate as many accounting concepts as possible during your presentation. Each group will be graded on accounting knowledge and their ability to present and explain the various accounting concepts/issues. This project is 10% of your grade. Failure to participate will result in a zero for the project and “F” for the course

Homework Manager:

The website address is on your course homepage and there is a hyperlink on this syllabus. The due dates for completing the online homework are on the MGH Connect website. I strongly urge you to do the homework on a weekly basis. You will have up to 3 submissions for each assignment. This approach allows you to practice and get a good grade on the assignments. The average of the assignments will count as one semester exam. The homework assignments will not be accepted through email or if they are late.
