Course number: GRA 155 (previously ENG 130)  
Credits: 3 Semester Hours  
Prerequisite: Knowledge of a word processing program  
Grading System: A (94-100), A-(90-93), B+(87-89), B (83--86), B-(80-82), C+(77-79), C (73-76), C-(70-72), D+ (67-69), D(63-66), F (below 63).

### Course Description and Rationale

This computer graphics course focuses on using two graphics programs, MultiAd Creator Pro and Adobe Photoshop CS, to design advertisements. The course includes preparation of advertisements for print and the web. Students will use text, graphics, illustrations, borders, blends, and screens, among other graphic elements. The course addresses the principles of advertising design. Creator is used by 98% of the newspapers in the United States.

### General Course Goals

- A) to produce professional quality digital advertisements.
- B) to integrate writing, editing, page design, typography and graphics into one unit whereby students produce an entire advertisement for print or the web.

### Instructional Materials

Adobe Photoshop CS2 Classroom in a Book  
Robin Williams and John Tollett, *Robin Williams Design Workshop*, 2nd edition Peachpit Press, Berkeley: 2007.  
Optional book: Robin Landa, *Advertising by Design*  
Handouts

### Evaluation

Students will be evaluated on the basis of 14 assignments, including an oral report, and a notebook with five Designer Exercises completed. Students who cut more than 4 classes will have their grade reduced for each absence beyond 4, regardless of the reason for the absence.

Students will be expected to work on their assignments in the computer lab during hours when class is not in session.

### Class topics and assignments

The instructor may change the order of topics and/or the content of the assignments to meet the needs of the class.

### Plagiarism:

Plagiarism is a violation of academic honesty. It occurs when you take credit for someone else's work and submit it as your own, either intentionally or unintentionally through incomplete documentation of sources. Any plagiarized work will result in an F.

## **College Withdrawal Policy**

A student who finds it necessary to discontinue a course once class has met must provide written notice to the Registrar. Withdrawal forms are available at the Registrar's office on campus. Nonpunitive "W" grades are assigned to any withdrawal requested before the various unrestricted withdrawal deadlines listed in the calendars published in front of each session's course listings. Withdrawal requests received after these deadlines must bear instructor signatures indicating the student was maintaining at least a C- average at the time of withdrawal. No withdrawals are permitted after the last class preceding the final exam.

## **Disabled Students and Learning Disabilities Support**

Students who have learning disabilities or physical conditions which may be limiting are urged to identify themselves to the director and counselors in the Student Development Center. The College depends on students to identify their specific difficulty to the College's counselors or tutoring center staff in order to provide services through community agencies in our locale and available support services on campus.

## **Cellular phones, beepers, and text messaging.**

Cellular phones and beepers are allowed in class only if they are turned off or turned to a silent mode. Cell phone usage including text messaging is not permitted in class. Neither is beeper usage. When there are extenuating circumstances that require that a student be available by phone or beeper, the student should speak to the instructor prior to class so that together they can arrive at an arrangement.

## **Email.**

Students are encouraged to use email to communicate with me. When you compose your message, be sure to use a relevant word for the Subject. Do not use Hello, Hi, It's Me or similar terms. Because these are used by spammers, I delete them without opening them.
