

THREE RIVERS COMMUNITY COLLEGE  
**BUILDING MATERIALS ARC K108**  
Spring Semester 2014, Tuesday/Thursday 1pm - 2:15pm

Instructor: Chuck Canavan, email Ccanavan@trcc.commnet.edu

Grade: Quizzes (4) 75%                      Final 25%

Course Objectives:

This course introduces students to the source, use and limitations of materials used in building construction. Emphasis shall be placed on the basic design concepts and the practical applications of building materials in-the-field. Focus is also placed on historical uses of material as design expression. Practical working knowledge is attained through site visits of projects under construction (as available).

Method: Lectures, Slide Lectures, Simulations, Class Discussion

Text: **Building Construction Illustrated, Francis D.K. Ching, (and Instructor Supplements)**  
*(Note: The course's weekly subjects follow the book's layout in sequential chapter order. Please read corresponding subject-chapter material prior to each class.)*

<u>Week 1</u> (1/28)	<b>Over-view</b> (Introduction) A Historic Look at Materials	<u>Week 9</u> (3/25)	<b>Thermal &amp; Moisture Protection</b> Theories, Products & Uses
<u>Week 2</u> (2/04)	<b>Site Work</b> Site Product Function and Performance	<u>Week 10</u> (4/01)	<b>Doors and Windows</b> Products and Design
<u>Week 3</u> (2/11)	<b>Concrete</b> Properties, Uses & Limits	<u>Week 11</u> (4/08)	<b>Finishes</b> Walls, Floors & Ceilings
<u>Week 4</u> (2/18)	<b>Masonry</b> Products, Uses & Assembly	<u>Week 12</u> (4/15)	<b>Finishes</b> Cont'd Trim and Millwork
<u>Week 5</u> (2/25)	<b>Woods</b> Rough Carpentry	<u>Week 13</u> (4/22)	<b>Mechanical</b> Plumbing & HVAC
<u>Week 6</u> (3/04)	<b>Woods</b> Cont'd Finish Carpentry	<u>Week 14</u> (4/29)	<b>Electrical</b> Service, Circuitry and Fixtures
<u>Week 7</u> (3/11)	<b>Metals</b> Properties, Products & Uses	<u>Week 15</u> (5/06)	<b>REVIEW</b> Course material recap
<u>Week 8</u> (3/18)	<b>Spring Break</b> No Classes in Session	<u>Week 16</u> (5/13)	<b>Final Exam</b> Course Complete

**COURSE REQUIREMENTS:**

**Notebook**

Students will assemble a notebook, to be made up of handouts distributed at the beginning of each class. A 3" "Slant-ring" notebook with plastic sheet protectors is recommended – this will be a good resource for future reference.

## ACADEMIC PERFORMANCE

### **Lecture Period:**

Students shall respect the classroom environment. Professors invest valuable time in lecture preparation to make the course content organized, interesting, and understandable and to make the learning environment collegial. Unless specifically directed by the professor, students shall refrain from sending email and instant messages, or from engaging in other activities (reading non-course materials, engaging in private conversations and so on), that disrespect the classroom environment and learning conditions for others.

Access to the Internet can be a valuable aid to the classroom learning environment. Students are encouraged to use laptops, smart phones, and other devices in order to explore concepts related to course discussions and topics. Students are discouraged from using technology in ways that distract from the learning community (e.g. Facebook, texting, work for other classes, etc.) and if found doing so, will be asked to leave the classroom for the day and will not get credit for attendance that class period.

### **Assessment:**

Assessment of your mastery of the Courses learning objectives may be administered through quizzes, exams, or essays. These are announced with ample preparation time and sometimes a study guide. Upon absence from a class in which an assessment is given, it is the student's responsibility to request, coordinate and schedule, a make-up date and time with the professor. Assessments not made up within one week from when initially given will result a three point reduction from the score earned, per class period lapse.

### **Online Learning Portfolio:**

All students are required to maintain an online learning portfolio in Digication that uses the college template, in as much as it is pertinent and supported by outcome products of this course. Through this electronic tool students will have the opportunity to monitor their own growth in college-wide learning. The student will keep his/her learning portfolio and may continue to use the Digication account after graduation. A Three Rivers General Education Assessment Team will select and review random works to improve the college experience for all. Student work reviewed for assessment purposes will not include names and all student work will remain private and anonymous for college improvement purposes. Students will have the ability to integrate learning from the classroom, college, and life in general, which will provide additional learning opportunities. If desired, students will have the option to create multiple portfolios.

### **Integrity:**

Any and all exams, papers or reports submitted by you and that bears your name is presumed to be your own original work that has not previously been submitted for credit in another course unless you obtain prior written approval to do so from your professor.

In all of your assignments, including homework or drafts of papers, you may use words or ideas written by other individuals in publications, web sites, or other sources but only with proper attribution. "Proper attribution" means that you have fully identified the original source and extent of your use of the words or ideas of others that you reproduce in your work for this course, usually in the form of a footnote or parenthesis.

As a general rule, if you are citing from a published source or from a web site and the quotation is short (up to a sentence or two), place it in quotation marks; if you employ a longer passage from a publication or web site, please indent it and use single spacing. In both cases, be sure to cite the original source in a footnote or in parentheses. (See [http://www.plagiarism.org/plag\\_article\\_how\\_do\\_I\\_cite\\_sources.html](http://www.plagiarism.org/plag_article_how_do_I_cite_sources.html) for more information on citing.)

If you are uncertain about the expectations for completing an assignment or taking a test or examination, be sure to seek clarification from your professor beforehand.

Finally, you should keep in mind that as a member of the Three Rivers Community College community, you are expected to demonstrate integrity in all of your academic endeavors and will be evaluated on your own merits.

Be proud of your academic accomplishments and help to protect and promote academic integrity. The consequences of cheating and academic dishonesty may include a formal discipline file, possible loss of financial scholarship or employment opportunities, and denial of admission to a four year college.
