

Principles of Macroeconomics
Eco – K101
Mr. Phil Mayer

pmayer@trcc.commnet.edu
(860)892-5749

OFFICE HOURS (faculty office #11)

M 9-9:30am, 11am – noon; 2 to 3:30 tutoring (TASC); 6 to 6:30pm

T 1-2; 6 – 6:30 (1)

W: 9:00am – 9:30am; 11am – noon; 2 – 3:30 TASC

Thurs: 1 – 2 (1)

I can meet with you at other times: please contact me to make arrangements.

(1) If I am not in my office Tuesdays and Thursdays between 1 and 2, I will be in the library

The TASC tutoring center is located on the left side of the library.

COURSE DESCRIPTION: This class introduces students to the fundamentals of the economic system and economic cycle and to problems inherent in our economic system, such as inflation, recession, and unemployment. Discussion of money and banking, national income measures, and ways to stabilize the economy are all included. Students should learn how to think like an economist.

REQUIRED TEXT: *Introduction to Macroeconomics* by Edwin Dolan, and “Cities without Suburbs” by David Rusk (third edition)

STUDY AID: There are two CDs in the Mohegan library under my name. You may use them in the library to reinforce key concepts discussed in class such as supply and demand, aggregate supply and demand, recession, inflation, stagflation, and monetary economics.

GRADES

4 tests (top 3 grades, 20% each)	60%	100-94 = A	79-77 = C+
Homework	10%	93-90 = A	76-73 = C
Project	10%	89-87 = B+	72-70 = C-
Final *	20%	86-83 = B	69-67 = D+
		82-80 = B-	63-66 = D
			62-60 = D-

* If you have a “91” test average – including all tests – then you are exempt from the final.

ATTENDANCE: It is important that you attend class; you cannot learn if you’re not there. Numerous absences will affect your grade. It is your responsibility to get all notes,

materials, and assignments for any classes that you miss. If you regularly miss class, or are consistently late and/or consistently leave early, (5 or more unexcused absences or disruptions) that will be a clear signal to me that you do not care about grade; consequently, I will **NOT** drop the lowest test grade.

I expect all of my students to have the integrity and character to be honest at all times. Students caught cheating will get a “0” on that test, and it will not be dropped. In addition, you may get an “F” in the class regardless of your average.

I expect students to arrive on time for class, not leave early, and to have gone to the facilities prior to class. Consistent violations are disruptive to your classmates will result in a lower grade.

We will at times discuss issues which people have different opinions about. Please remember to respect each other and act civilly at all times.

Make-up exams will be given **ONLY** if the student has contacted the instructor **PRIOR** to the test. Make-ups will be administered during my regular office hours **ONLY**. Students **MUST** take the exam **BY THE NEXT SCHEDULED CLASS TIME – NO EXCEPTIONS**. Failure to follow this policy will result in either a grade of 0 on that test, a penalty of 10 to 20 points, and/or a make-up exam that is all essay. You will be allowed to take one make-up exam per class per semester.

I do not give incompletes – your grade will be based strictly on all work completed before the end of the semester. **NO EXTRA CREDIT!**

Ten points per day will be deducted from any assignment that is late. In the real world, those who can’t meet deadlines are fired.

Snow: In the event of wintery weather, please listen to 106.5, Q105, I-98, 1310AM, or WSUB for cancellations. If you do not hear that Three Rivers Community College is closed, that means we are open. You can also look at the website www.trcc.comnet.edu or call the switchboard at 886-0177 for weather info. If you do not hear we are closed, TRCC is open and class will be held. **I will be at school in the event of snow.** However, if you believe that it is too dangerous to come to class, that’s understandable; you are still responsible for finding out what you missed (see tentative course outline on third page) and learning that material.

*** The best way to study for my tests is to study my lecture notes and the homework I assign. It is important that students learn **ALL** of the definitions we discuss in class; toward that end, students will find making “flashcards” with the word on one side and the definition on the other useful. These flashcards can be used to learn about the various graphs we discuss as well.

COURSE OUTLINE

NO CLASS TUESDAY, Feb. 12th (Lincoln's Birthday)

test 1: Chapters 1, 2, and roles of govt (not in book*) (Feb. 14)

test 2: Chapters 4, 5, 6, (Tuesday, Mar. 11)

test 3: Chapters 10, 11, 12, schools of economic thought* (Tuesday, April 17)

test 4: Chapters 7, 8, 9, Phillips curve, and problems facing CT* (Tuesday, May 6)

Final: take-home, due Monday May 15 at 12 noon (NO CLASS – please email me the final or drop off at my office)

PROJECT: Due: Tuesday, April 15. NOT EMAIL ME THE PAPER! (You may submit homework via email if you can't make it to class) 3 to 5 pages. Find seven newspaper, magazine, or internet articles (credible sources, only) about the economy. At least 2 of these articles must be international, one must be on the nation's economy, 1 must be on the economy of New London County (or the county where you live) and 1 must be on the economy of Connecticut (or the state where you live). Summarize these articles, and relate them to what you've learned in class. Cite your sources! (I do not need you to submit copies of the articles). Grammar and the use of staples or paperclips is 25% of your grade. Suggested sources: The New London Day (theday.com), the Hartford Courant (ctnow.com), The New York Times, Time magazine, Newsweek, U.S. News and World Report, The Economist magazine, cnn.com, abcnews.com, nbcnews.com, Wall Street Journal (online.wsj.com/public/us). All of these sources are available at the Learning Resource Center. If you need help, ask me or the librarian ☺

College Withdrawal Policy: A student who finds it necessary to discontinue a course MUST complete a withdrawal form obtained from the Registrar's Office. Students may withdraw from class anytime during the first ten weeks of the semester without being in good standing or obtaining prior permission of the instructor. After that period, a student wishing to withdraw must obtain written authorization of the instructor to receive a "W" grade for the course. Students who fail to properly withdraw and discontinue coming to class will receive an "F" grade. Eligibility for refund of tuition is based upon date of withdrawal when received by the registrar. Verbal withdrawals will not be accepted.

Learning Disabilities Statement: If you are a student with a disability and believe you will need accommodations for this class, it is your responsibility to contact Disabilities Counseling Services at 383-5240. To avoid any delay in the receipt of accommodations, you should contact the counselor as soon as possible. Please note that I cannot provide accommodations based on disability until I have received an accommodation letter from the Disabilities Counselor.

CELL PHONE POLICY:

Students are notified that cellular phones and beepers are allowed in class or in the Learning Resource Center only if they are turned off or turned to a silent mode. Under no circumstances are phones to be answered in class. When there are extenuating circumstances that require that a student be available by phone or beeper, the student should speak to the instructor prior to class, so that together they can arrive at an agreement.

Tentative Outline for class:

Week 1 (Jan 22) introduction to class,

Week 2 (Jan 29) finish chapter 1; begin 2

Week 3 (Feb 5)chapter 2, and handouts, roles of govt, review for test 1

Week 4 (Feb. 12)NO CLASS FEB 12; test Feb 14 chapters 1, 2, roles of govt, and handouts

Week 5 (Feb 19) intro business cycle, Chapter 4(math), handouts

Week 6 (Feb 26): assorted math topics (handouts) based on ch.5 and 6,

Week 7 (Mar 4): handouts

Week 8: (Mar 11) Review for test 2; test March 13 on chapters 4 thru 6 and the handouts

No class March 17-21 ENJOY Your break (work on the project)

Week 9 (Mar 25) Chapter 10

week 10 (April 1) Chapter 10 and 11

week 10 (April 8) chapter 11,schools of economic thought, ch. 12,

week 11 (April 15): review for test; TEST April 17 (start reading assigned passages from “cities without suburbs)

week 12 (April 22): chapter 7-9 (math)

week 13 (April 29): Phillips curve “cities without suburbs”, review for test; test May 5

week 14: (May 5): test 4

week 15 (May 12): take-home final due on May 12 at 3pm!
