Intro to Software Applications Spring 2011

Course Description

Computer Applications I is designed to be a student's first course in the use of computers. The student will be introduced to

- Windows XP, and it's use as an operating system.
- Microsoft Internet Explorer, and its use in exploring the World Wide Web.
- Microsoft Word 2007, and its use in developing documents. Basic editing, formatting, and the use of built-in tools will be examined.
- Microsoft Excel 2007, giving the student the ability to use a spreadsheet.
- Microsoft PowerPoint 2007, software to prepare a presentation.
- Microsoft Access 2007, introducing the student to the techniques of maintaining a database.

Required Items

- Text : Microsoft Office 2007, Vol. 1 by Robert Grauer
- Stapler : Assignments not stapled will not be accepted.
- Folder : Something to store your hand-outs and work in. Bring to class.
- Data Storage : You will need to be able to store your work for safety, and so you can bring
 partially completed work home to finish. The computer labs at school support the use of
 Memory Sticks for external storage (also known as USB drives, FlashDrives, TravelDrives, or
 JumpDrives). These devices plug into the USB port on the computer. All students in CSA
 courses are required to have at least 128 MB. Bring to class.

Grading

- Lab Assignments 30% Lab assignments are each worth 10 points. Late assignments will <u>not</u> be accepted.
- Tests 60% You will have three tests, each worth twenty percent of your final grade. Tests must be taken at the scheduled time. If you miss a test you may take it during the next scheduled class with ten points deducted from your grade. If you fail to take the test at these times, the test grade assigned will be zero. The only exceptions will be a legal document (doctor's note, police report, etc) explaining your absence, or prior consent of the instructor.
- Participation / Attendance 10% Come to class, pay attention, answer questions.

Contact me: Mrs. Diane Albanese Email (preferred) : <u>dalbanese@trcc.commnet.edu</u>

Voicemail : 860-334-2746. Leave a message. I will get back to you ASAP.

Extra help available 9:00-9:30 AM or after my last class at about 12:15 PM on Tuesdays & Thursdays. Other times can be worked out on an individual basis.

Ethics/Responsibilities

It is the student's responsibility to obtain and complete all missed work.

While interaction with the instructor and fellow students is an integral part of the learning process, students must personally use the keyboard/mouse to complete the assignments. ALL work submitted must be the student's OWN work. Submitting duplicate work is not acceptable and will adversely affect the assignment grade.

A student shall not:

- Copy or share any file or part of a file with another student, present or past.
- Sharing or allowing another student to copy your files or any portion of a file.
- Duplicate or distribute copies of copyrighted software programs
- Access or use any unauthorized university computers, computer systems, or networks
- Use any device with a virus in any computer lab or on any system
- Use college computers, systems, or networks to view or distribute profanity, pornography, or any objectionable material.

College Class Withdrawal Policy

Students may withdraw, through the Registrar's Office for any reason until the end of the 13th week of classes. The withdrawal process must be initiated by the student. Failure to do so will result in a semester grade that reflects the work done prior to the student's not attending class.

Students with Disabilities

If you are a student with a disability and believe you will need support services and/or accommodations for this class, please contact the Disabilities Support Services at TRCC. Please note that the instructor cannot provide accommodations based upon disability until the instructor has received an accommodation letter from the Disabilities Counselor.

NEW Print Quota for Students

There is a new print quota system which will be active for all credit students starting with the Spring 2011 semester. This quota system was necessary due to the massive misuse of student printing and the printing of personal documents.

<u>Student print quota specifics</u>: Allowed 500 pages per semester Cannot print documents over 25 pages Cannot print more than one copy of a document at once
