

THREE RIVERS COMMUNITY COLLEGE
ARCHITECTURAL DESIGN II ARC K213-L ~ A PRACTICUM

Spring Semester 2011, Thursday 5:30 pm - 9:50 pm

Instructor: Professor Mark Comeau, (885-2387), email mcomeau@trcc.commnet.edu

Grading: Students will be graded on four projects throughout the semester in accordance with the following criteria:

- Implementation of the tenets learned in Design I;
- Depth of design exploration as evidenced by sketches and story-boards;
- Craftsmanship of drawings and model construction;
- Design solutions and creativity.

Course Objectives:

This design course is the capstone of the two year Associate Degree program. Project types will be both individual and group and will consist of four vignettes of expanded scope and solution requirements. Massing and detail model construction will be introduced as students explore design through three dimensions. Building systems are also explored as an integral part of design.
