Text: Successful Writing at Work Concise Second Edition by Kolin

Course Description:

This course is designed to help you understand the special types of communication used in the business world. You will meet with me as a class for 75 minutes per week, and you will use email to confer with me outside of class and to send me worksheets and your final exam.

Always bring your text, syllabus, and a notebook to class.

Requirements:

- Three group projects (an oral presentation on your imaginary business, a set of procedures used by your business, and a detailed organizational chart)
- Formal (short) report and brief oral presentation on your findings (individual project)
- Graded worksheets on the assigned readings in the text
- Final exam

NOTE: YOU WILL BE WORKING ON GROUP PROJECTS AND INDIVIDUAL PROJECTS SIMULTANEOUSLY, SO YOU MUST STAY ORGANIZED AND BE AWARE OF DUE DATES.

Your education is important to me; please hand in ONLY your original work. Although it is good to get feedback from others, it is never a good idea to copy others' work from the Internet or any other source. It is illegal and unethical, and it could result in failure of the class.

Grading: Average of worksheets 25%; Formal Report 25%; Average of group projects 25%, Final Exam 25%.

TRCC learning outcomes for this course:

- Recognize the difference between academic writing and writing in business, industry and the technical fields
- Understand the importance of error-free documents in the workplace
- Prepare documents with clarity and economy of words
- Recognize and adjust for audience background and knowledge when creating workplace documents
- Create visuals for documents that are well-integrated into the text
- Format documents to fit specific writing assignments including, but not limited to, letters, memos, proposals, and short reports
- Produce a formal, analytical report using advanced research techniques
- Prepare and give an oral presentation of the formal report's major findings
