Assignments and Grading

How Grades Are Determined

a. Class Participation 10% – Includes attendance, punctuality, appropriate contributions to class discussions, and on time completion of homework assignments. Reading all assigned work and coming to class prepared is an essential part of class participation.

b. Tests & Written Reading Responses -You will receive in class reading/writing assignments and tests based on contents of lectures, in class discussions, activities, and homework assignments. You will not always be notified of a quiz or reading assignment prior to the date, so take notes, complete homework and class assignments on time, and follow up with questions when you need additional clarification.

Please note that outcomes on this portion will determine the largest percentage of your grade, approximately 70%. It is therefore extremely important to attend all classes and stay current with all coursework. Each test and/or writing assignment is part of the class activity for that day. There will be no make up tests unless approved of by the instructor in advance of the test date

c. Midterm and/or Final 10% each

Attendance and Lateness Policy

Students are expected to attend all classes. Any missed test, quiz, writing assignment, class discussion, or review may have an adverse effect on your grade. A large amount of material is covered throughout a term, and it is not possible to review missed classes for an individual. It will be the responsibility of the student to contact another student for pertinent information before returning to class. As with employment, attendance is very important. Consider your class schedule before setting up personal appointments. If you are late for class, walk in quietly and take the closest available seat.

Cancellation of classes

If all classes are cancelled due to weather or unforeseen circumstances, public announcements will be made on local TV networks and on the TRCC On-line Home screen. If this class is cancelled by the instructor due to illness, a written announcement will be placed on the classroom door. In addition, every effort will be made to notify you well before the time the class is scheduled to meet.

Plagiarism

Plagiarism is the unacknowledged use of another person's words or ideas in your writing. Conscious plagiarism is an unacceptable academic behavior that will result in a zero (0) grade on the assignment in question. Any repeated offense will result in a Failing grade for the course. Plagiarism by omission or "unconscious" plagiarism will be dealt with on a case-by-case basis. Copying from another student, consulting in any way with another student, or relying on prepared answers during a test is not allowed and will result in a zero (0) grade.

Disability Statement

If you have a hidden or visible disability, which may require classroom or test taking modifications, please inform me as soon as possible. If you have not already done so, be sure to register with the Learning Disability Specialists, Chris Scarborough (office in Student Services) to find out what services are available for you.

Withdrawal Policy

Any student who finds it necessary to discontinue a course once class has met must provide written notice to the registrar. Withdrawal forms are available at the Registrar's office on the Thames and Mohegan campuses, and the office at the Sub base. Nonpunitive "W" grades are assigned to withdrawal requests. An instructor's signature is necessary after the deadline date as stated in the semester's calendar. No withdrawals are permitted after the last class preceding the final exam. If a Student does not obtain an official withdrawal, but simply stops attending classes, he or she runs the risk of receiving a failing grade for the course.

The information contained in the syllabus is subject to revision at my discretion. If changes are made I will inform the class of the changes as soon as it is possible to do so.
