XI. Evaluation Procedures

Your final grade will be determined by a combination of quizzes, exams, current events file and class participation.

Tests	65% (Five at 10 points each, one at 15 points)
Current Event File	10% (5 articles at 2 pts each)
Observation Report	15%
<u>Class Participation</u>	<u>10%</u>
	100%

All tests are take home and the test format is multiple choice. The value of each test is based upon the number of chapters covered in the test. Each chapter is worth 5 points, so, if a test is on two chapters, then it is worth 10 points toward your final grade.

The students will maintain a current event file containing news clippings over the course of the semester placing at least five subject related article read each week into the file. For each article the student will write out a brief summary of the article, an explanation of what the student learned from the article, and how the subject of the article is related to the course. The writing assignment is to be typed, double spaced and in 12 point new times roman font with standard margins.

Students are required to conduct a field observation report. Students will observe court; participate in a police ride-a-long or other field activity as approved by the instructor. The assignment will be due by April 14th. The paper will be 3 to 5 pages (typed & double spaced) long and will describe the observation activity and will tie the observations to topics discussed in the class.

All grades will be posted on Vista. The grades will be expressed in a point value. For example: an exam is worth 10 points, a grade of between 0 and 10points will be recorded. The total amount of points earned during the semester will correspond to the grade scale listed below.
