Participation	5%
Current Events	8% (Four articles at 2 pts each)
Observation Report	12%

**Tests:** All tests are take-home and the test format is multiple choice. The value of each test is based upon the number of chapters covered in the test. Each chapter is worth 5 points, so, if a test is on two chapters, then it is worth 10 points toward your final grade. **Late tests will only be accepted with the prior approval of the instructor.**

**Current Event Papers:** For each article the student will write out a brief summary of the article, an explanation of what the student learned from the article, and how the subject of the article is related to the course. The writing assignment is to be typed, double spaced and in 12 point new times roman font with standard margins. The format for this paper will be provided in class.

**Field Observation Report:** Students are required to conduct a field observation report. Students will observe court; participate in a police ride-a-long or other field activity as approved by the instructor. The assignment will be due by April 19<sup>th</sup>. The paper will be 3 to 5 pages (typed & double spaced) long and will describe the observation activity, what they learned from the observation, and will tie the observations to topics discussed in the class.

**Report Presentation:** Students will give a presentation of their field observation report to the class. This is to be relatively informal and should last 3 to 5 minutes.

**Grades:** All grades will be posted on Blackboard in real time. The grades will be expressed in a point value. For example: an exam is worth 10 points, a grade of between 0 and 10 points will be recorded. The total amount of points earned during the semester will correspond to the grade scale listed below.
