

Art K107 Intro to Studio Art

Day/Time: Monday 5:30 - 8:15

Three Rivers Community College, Room F117 - 1

Instructor: Mark Williams

Office Hours: by appointment

E-mail: livepaint@gmail.com

Course Description:

This class will be an introduction to studio art. The goal of the course is to familiarize you with the fundamentals of design so you can use it as an expressive tool to communicate visually. Both black and white and color mediums will be used that will employ collage, drawing, painting, and sculpture.

Learning Outcomes:

This class is primarily a hands-on studio class. The instructor will give presentations and demonstrations to introduce projects. Exercises will be done in class in addition to projects that will be done partially on your own time. The format of this class is designed to encourage each student to develop his or her own understanding of the concepts of art through personal exploration.

Evaluation Procedures:

All materials involved such as sketches and the end product for each project will be collected on assignment due dates. On their due date, assignments should be complete at the beginning of class. Assignments will be graded primarily on the amount of time and thought that is put into them as well as craft - which is neatness and exactitude. You should plan to spend a minimum of two hours in preparation for each class hour (6 hours per week) outside of class. Those that put forth effort in this class will inevitably show improvement in their work as the class progresses.

Reading and Writing Assignments:

There will be one writing assignment for this course.

Class Discussion:

You are expected to be in class with a positive attitude. Participating in class exercises, assignments, discussions, and critiques is to everyone's benefit. Group critiques will be held on assignment due dates. Everyone should contribute at least once in each critique. Those who participate more will receive a higher grade in this area.

Course Requirements:

Attendance- Please plan to attend all classes and to miss class only for extenuating circumstances. Attendance on critique dates, which are very frequent, is vital. Attendance at the final critique is mandatory; absence at the final critique will be recorded as three absences (unless a legitimate excuse is provided.)

Tardiness/Leaving Early- Most class announcements are made either at the beginning or end of class.

Students who arrive late to class or leave class early will not only miss hearing important information, but also are disruptive to the rest of the class, as the instructor may have to repeat information. Every two times a student leaves early or arrives late equals one absence.

Deadlines- Assignments not completed on time will be lowered one letter grade for each class they are late (an A becomes a B.)

Explanation of Criteria for Evaluation/Grade Weights:

Projects- The average of all project grades comprises sixty percent of the final grade.

Class Participation/Attendance- This comprises twenty percent of the final grade.

Effort/Improvement- This comprises twenty percent of the final grade.

Grading System:

A, A-, B+, B, B-, C+, C, C-, D+, D, D-, F

Numerical Components:

A	93-100
A-	90-92
B+	87-89
B	83-86
B-	80-82
C+	77-79
C	73-76
C-	70-72
D+	67-69
D	63-66
D-	60-62
F	0-59

Academic Dishonesty:

Academic Dishonesty shall in general mean conduct which has as its intent or effect the false representation of a student's academic performance, including but not limited to (a) cheating on an examination, (b) collaborating with others in work to be presented, contrary to the stated rules of the course, (c) plagiarizing, including the submission of others' ideas or papers (whether purchased, borrowed, or otherwise obtained) as one's own, (d) stealing or having unauthorized access to examination or course materials, (e) falsifying records of laboratory or other data, (f) submitting, if contrary to the rules of a course, work previously presented in another course, and (g) knowingly and intentionally assisting another student in any of the above, including assistance in an arrangement whereby any work, classroom performance, examination or other activity is submitted or performed by a person other than the student under whose name the work is submitted or performed.

Inclement weather:

In the event of inclement weather, students should call the college's main number at 860-886-0177. There will be a recorded message indicating whether or not classes are being held.

Cell Phones:

Cell phones and beepers are allowed in class only if they are turned off or turned to a silent mode. Under no circumstances are phones to be answered in class. When there are extenuating circumstances that require that a student be available by phone or beeper, the student should speak to the instructor prior to class, so that together they can arrive at an agreement.

Revisions to Syllabus:

The information contained in this syllabus is subject to revision at the discretion of the instructor. Students will be notified of any changes that will be made.

College Withdrawal Policy:

A student who finds it necessary to discontinue a course once class has met must provide written notice to the Registrar. Withdrawal forms are available at the Registrars on all campuses. Nonpunitive "W" grades are assigned to any withdrawal requested before the various unrestricted withdrawal deadlines listed in the calendars published in front of each session's course listings. Withdrawal requests received after these deadlines must bear instructor signatures. No withdrawals are permitted after the last class preceding the final exam. Students who do not obtain an official withdrawal, but simply stop attending classes, run the risk of receiving an "F" grade for the course.

Hazardous Materials Statement:

Acrylic paints are a hazardous material and must be handled with the proper care. There will be no eating or drinking while working with paints as this allows for possible ingestion of the paints.

Although not as toxic as oil paints because they do not create fumes, the pigments used in acrylic paints can be highly toxic. They should never be eaten or remain in contact with the skin for extended lengths of time. It is recommended that you wear rubber gloves when painting, but it is not required. If paint makes contact with your skin, wash the area as soon as possible so as to not allow the toxic chemicals to enter your body through the skin.

Liquid waste created in the painting process (your used water medium) may be poured down the drain, but solid waste materials such as excess unused paint, paper towels containing paint residue, or any other material containing paint residue should be placed in a container designated by the instructor, not in the regular trash receptacle.

Disabilities Statement:

If you have a hidden or visible disability which may require classroom or test-taking modifications, please see me as soon as possible. Students with learning disabilities should contact Chris Scarborough at the Student development office. Students with physical disabilities should contact should contact Judy Hilburge.

Course Outline

August 31	Introduction to class. Assignment 1 introduced: Black square.
September 7	Labor Day - NO CLASS
September 14	Elements of design introduced. Sketches for assignment 1. Bring sketch pad, ruler, pencil, etc.
September 21	Assignment 1, Black Square due. Group critique. Assignment 2 introduced: Line problem.
September 28	Exercises in line and expression. Bring supplies for assignment 2.
October 5	Assignment 2, Line due. Group critique. Assignment 3 introduced: Value. Sketches for assignment 3.
October 12	In-class work time, bring supplies for assignment 3. Assignment 4 introduced: One-page paper.
October 19	Assignment 3, Value due. Group critique. Assignment 5 introduced: Color. Exercises in color. Bring supplies for assignment 5.
October 26	Assignment 4, writing assignment due. In-class work time, bring supplies for assignment 5. Assignment 6 introduced: Poster. Sketches for assignment 6.
November 2	Assignment 5, Color due. Group critique. Group discussion. In-class work time, bring supplies for assignment 6.
November 9	In-class work time, bring supplies for assignment 6.
November 16	Assignment 6, Poster due. Group critique. Assignment 7 introduced: Deconstructing a sphere. Sketches for assignment 7.
November 23	In-class work time, bring supplies for assignment 7.
November 30	Assignment 7, Deconstructing a sphere due. Final assignment introduced: Vessel with objects
December 7	In-class work time, bring supplies for final assignment.
December 14	Critique of final assignment

Supply List:

You are required to purchase the following, which are available at the bookstore or any art supply store. Additional supplies may be needed as the semester goes on.

9" x 12" sketch pad

9" x 12" smooth Bristol board pad

Black card stock paper

Glue stick

Drawing pencils - 2H, HB, 2B, 6B

Woodless pencil - 8B

White plastic eraser

Kneaded rubber eraser

18" metal ruler

Xacto knife with blade or utility knife, snap blade

Assortment of 3 round and flat synthetic paintbrushes for acrylics

Small set of acrylic paints including: red, blue, yellow, black and white

Disposable palette or wax paper sheets

Plastic palette knife or painting trowel

2 Sheets of 22 x 30" watercolor paper, 140# or heavier

Portfolio - 23 x 31" or similar size

Mini hot glue gun and glue sticks

* Large Styrofoam sphere

Student Art Show:

On the last class meeting, students will bring in what they feel is their most successful work from the class. There is a college-wide Student Art Show at the end of every academic year in May. All students who take an art class are invited to submit one piece done in each studio art class to this show. Several cash prizes are awarded each year to students whose work is displayed in the Student Art Show by an outside juror. Students will be informed of the pick-up date for the Student Art Show in May.
