PLAGIARISM

Plagiarism is the unacknowledged use of another person's work or ideas in your writing. It is often known as copying word for word. However, even paraphrasing without acknowledgement or using the ideas of peers garnered from class discussion or study groups is considered plagiarism. Whether it is conscious or unconscious, plagiarism is a serious academic offense. Your writing for this course, and any other course at TRCC is expected to be original, the product of your own thinking.

A student who has plagiarized will receive a ZERO on that assignment, and will be reported to both the Academic Dean and Student Services Dean where disciplinary action can be taken.

DISABILITIES STATEMENT

Students with disabilities are guaranteed reasonable accommodation under the provisions of the Americans with Disabilities Act of 1992. Disclosure of a disability must be voluntary. In instances where students have disabilities that are not discernible, valid and reliable documentation to verify eligibility for accommodation is required and must be submitted to the Student Development offices of Student Services. Please call 383-5217 for more information or to schedule a confidential meeting with one of our disability service providers.

EXPECTATIONS OF YOU

By contrast, attending and participating in all classes will enhance your learning experience and almost certainly improve your grade.

b. You are responsible for reading the entire assignment before class. For example you are assigned the introduction for the first class, please have the entire section read before that class.

c. This class will consist of lectures, small group work, and class discussion. Let me assure you that this course is designed for you. Therefore, if you have any questions about the material please feel free to ask me immediately.

EXPECTATIONS OF ME

GRADING CRITERIA

This course demands active involvement in learning experiences accompanied by reading and writing activities that capture those experiences. The nature of the courses content requires critical thinking skills to be learned, developed, and applied. The following criteria will be used in evaluating your grade:

Participation (15%) - Students are expected to come to class prepared and actively participate in discussions each week.

Readings (10%) – Weekly reading assignments will be completed each week. Students will have questions to go along with the readings and will be submitted each week.

Syllabus Test and Final Exam (20%) - During the semester there will be one (1) syllabus test and one (1) cumulative final exam (10% each) all scheduled in advance. The syllabus test and final exam will be composed of the following: multiple choice, true-false, short answer, matching, and essay questions. If for any reason your absent from class on the day of a test, please contact me in advance to reschedule.

Coping with College (10%) – After reading about the difference between high school and college, write a 2 page reflective paper. Include in your essay: Why is going to or returning to college important for you? What is going to be your greatest challenge? How will you overcome it? How do you think college will change your roles, routines, and relationships? We all have a different sense of what the word support means. We can seek support from family, friends, relatives, religious institutions, neighbors, co-workers or even strangers. What are some of your supports?

Group Project (15%) - Choose a famous person of the group's choice (e.g. athlete, author, actor, actress, etc). Explore their background and qualities that have led to their success. Apply those qualities to how they may help you in the college setting and beyond. After your presentation, each of you will submit a 1 page reflective paper that covers what roles/responsibilities each person played and how do you think the group worked together.

TRCC Function Paper (10%) - Each student will participate in at least one TRCC sponsored event or function and write a reaction paper on it. **In advance, for approval**, the student must submit in writing the event/function that will be attended.

Career Exploration Paper (20%) – Write a resume and then bring it into the Writing Center for assistance with formatting/tips. Using your resume as a guide, write a 5-7 page paper that will analyze what skills, traits, college courses, and experience you should probably gain during your time in college in order to make yourself more marketable. Your resume does not count towards the 5-7 page requirement.

COLLEGE WITHDRAWAL POLICY

The deadline for students to withdraw from a class is May 1. Before withdrawing from any course please speak with me and be aware of the positive and negative consequences of that action.

Not attending class is not dropping or withdrawing from class.
