

MATH K075 – Prealgebra

CRN30134 Sec G01

Fall 2010

Grasso Tech

INSTRUCTOR - Gary Motin

COURSE DESCRIPTION: The course focuses on basic arithmetic and prealgebra skills.

Topics include: whole numbers, fractions, decimal numbers, proportions, percents, perimeter, area, volume, signed numbers, algebraic expressions and equations. (This course does not count toward the minimum credit requirement for graduation.)

PREREQUISITE: A knowledge of the fundamentals of arithmetic.

TRANSFERABILITY: This course does not transfer.

TEXTBOOK: PREALGEBRA – 6th EDITION Martin-Gay

OFFICE HOURS: By Appointment

BUSINESS PHONE: (860) 886-0177 Ext. 2177

E-MAIL ADDRESS: gmotin@trcc.commnet.edu

ATTENDANCE: Attendance will be taken during each class. If you miss no more than four (4) classes and take at least four (4) of the six (6) tests on their scheduled dates, three points will be added to your average at the end of the semester.

HOMEWORK: An assignment will be given at the end of each class. You are expected to have completed it by the next class. Solutions will be reviewed in class.

EXAMS: There will be five tests and a Final Exam. Each test is worth 100 points. The Final Exam is the equivalent of two tests. Thus, assuming there are five tests, the total of the five tests and the Final Exam mark doubled will be divided by 7 in order to obtain the student's average. If you do not feel well or are not prepared to take a particular exam, do not come in and attempt to take it. Once the exam is in front of you, there are no second chances.

MAKE-UP TESTS: If you miss a test you must make it up before the next scheduled test. Failure to do so will result in a "zero" grade on the missed test.

If you fail to take two tests on their scheduled days, you may not postpone a third test unless you have a compelling reason and you receive prior approval from the instructor.

Calculators cannot be used on tests.

GRADES: The average of your exam grades, will determine your course grade. The grades possible and what is required to achieve each are:

A#	An average of 94% - 100%
A-#	An average of 90% - 93%
B+#	An average of 87% to 89%
B#	An average of 83% - 86%
B-#	An average of 80% - 82%
C+#	An average of 77% - 79%
C#	An average of 73% - 76%
C-#	An average of 70% to 72%
D+#	An average of 67% - 69%
D#	An average of 63% - 66%
F#	Less than 63%
