Prerequisites. Consent of the instructor is required for enrollment in this course. Consent is usually given if student has completed Elementary Spanish 111.

Course Description: Elementary Spanish 112 is the continuation of Elementary Spanish 111. The emphasis of this course is to continue developing the skills of language learning focusing on communication, comprehension, and cultural understanding.

Advanced grammatical structures are introduced to begin preparing students to express more complex thoughts in the language. The cultural notes of the textbook and the readings offer a wide range of historical, social, political and artistic information that increases the student's knowledge and understanding of the Hispanic world.

We will cover chapters 7 to 12 of the Textbook, Workbook and Laboratory Manual.

Course objectives:

1. To continue providing the setting where students can practice and apply the language.
2. To continue developing all language learning skills and a cultural understanding of the Hispanic world.

Learning outcomes: With practice and motivation at the end of this semester students should be able to do the following:

- To pronounce clearly most of what they say and read in the language
- To recognize and apply more advanced grammar structures (Preterit, Imperfect, Present tense of the Subjunctive Mood, Commands.)
- To begin expressing their thoughts in the language.
- To read short narratives ranging from simple to moderate difficulty.
- Understand Spanish spoken at a moderate speed.
- To write short compositions using previously learned structures in Elementary Spanish I and the structures they are learning now, allowing them to express more complex thoughts.
- To continue developing the cultural understanding of the Latino population by researching and presenting to the class a topic of their choice

Criteria of evaluation: Evaluation will be determined as follows:

1. Completion of written and oral assignments and exams. There will be a Chapter test after every chapter, one mid-term (written and oral), one written final exam and an oral presentation.

Important Note: Make up tests and exams are not allowed. The instructor must be notified in advance if extenuating circumstances prevent a student from taking a test. If this is the case, **up to five points** will be deducted from grade, for make up quizzes, exams, or for late assignments, to be fair to those students that regardless of their responsibilities do everything on time.

2. Completion of the material in the Workbook / Laboratory Manual.

The Workbook and Laboratory Manuals are reviewed twice: during the Mid-Term and during the Final Exam. This is part of your final grade. Make a note to remind yourself to bring them on these dates

3. Listening to the tapes is mandatory (minimum one hour per week).

4. Positive attitude, individual and group participation.

Attendance policies: Because of the cumulative nature of language learning, frequent exposure to the material and keeping up with the assignments is very important. Students must attend all classes and must come to class prepared. If absences are not justified, student's participation grade will be affected.

If you miss a class take responsibility for keeping up with the assignment. Check with a classmate for any changes or additions to the assignments in the syllabus.

Failure to fulfill any of the categories mentioned above can have a negative impact on your grade.

Grading Policy:

Chapter tests (written & oral)	40% of final grade
Mid-term and final Exams (written and oral)	40% of final grade
Participation	10% of final grade
Preparation of class assignments Textbook, Workbook & Laboratory Manual	10% of final grade

Numerical Grading Equivalent:

A = 100 - 94	B+ = 89 - 87	C+ = 79 - 77	D+ = 69 - 67
A- = 93 - 90	B = 86 - 83	C = 76 - 73	D = 66 - 65
	B- = 82 - 80	C- = 72 - 70	D- = 64 - 60
			F = below 60

College Withdrawal Policy: A student who finds it necessary to discontinue the course must complete a withdrawal form in the Registrar's office. Withdrawals are recorded with a "W" a carry no penalty. Students who stop attending but fail to formally withdraw are assigned "F" for a grade.

Disabilities Statement: If you have a hidden or visible disability that may require certain modifications, please be sure to register (if you have not already done so) with the coordinator of services for students, or with Chris Scarborough, student Counselor. I also would like you to see me as soon as possible.

Academic Dishonesty: False representation of a student's academic performance constitutes academic dishonesty. Knowingly or intentionally assisting another student to do so in any way (during a quiz, exam or written assignment) will have serious consequences. I reserve the right to award an "F" for the course to the individuals involved.

Cell phones: Please turn off cell phones during class

Disruptive Behavior: Will not be tolerated. Students will be removed from the course if the problem is not corrected

Course Revisions: This syllabus has been prepared as accurately as possible, but it could be modified and revised at the discretion of the instructor.

Suggestions on how to study and learn a foreign language

Learning to speak:

Practice the language as much as you can.

Imitate as exactly as you can. If you read silently you are only using your visual memory if you **study out loud**, you triple your efficiency by adding auditory memory and motor memory.

Learn **one concept** at a time. Break up a lesson into small units.

Study for short periods of time. Start off with twenty minutes to a half an hour at the most; then turn to some other work; then come back for another twenty minutes; and so on. *Four half hour* periods of study will produce far better results than two uninterrupted hours.

Make full use of class time. Don't close off your mind when somebody else is responding in class. Recite mentally with him or her and get half the learning *job done that way*.

Keep up with the assignments and don't fall behind. Language learning is cumulative. You build on what you learned previously. You must know the concepts of chapter 10 before you can learn the concepts of chapter 11.

Come to class prepared. Don't stay away from class if you are unprepared. You'll fall still farther behind. Tell your instructor and learn from the classroom work.

Learn to apply the grammatical rules you are learning rather than learn the rule. If you can't apply them, they are of no use to you.

Learning to read:

Read the titles and subtitles. **Read** a paragraph twice, once for pronunciation out loud and the second time for content. Don't look up every word you don't know. Verbs are the most important words in a sentence, if you know the meaning of the verbs, you can guess the rest.

Read the whole sentence before you look up a word that you don't know in the paragraph

Literal translation from one language to another is not possible in many cases. Learn to read for meaning rather than just translating

Don't try to cover the whole assignment in one sitting. Break it up in segments, re-read each part and then re-read the whole.

Don't agonize over passages you just can't understand. Ask your instructor.

Make a list or flash cards of your own particular nuisance words; words you have to look up again *and again* spend special time on them. Except for such nuisance words, don't write out list of words you had to look up- unless you think you have time to waste.

Use the language as often as possible with a classmate, Spanish-Speaking people or by yourself.

Listen to the Spanish radio stations or watch the news on the Spanish TV channels
Participate in the cultural activities offered by the **Organization of the Latin-American Experience (O.L.E.)**

Come to the first meeting, become an active member. We want to hear your suggestions on activities that interest you. Look for notices and announcements of events in the bulletin board next to the cafeteria. In the past OLE has offered Study /Travel courses, cultural videos, dinner / dance parties etc.

Components of the course: Textbook-Workbook& Laboratory Manual with CD's

1. Textbook: Dawson/ Dawson *Dicho y Hecho: Beginning Spanish: Seventh ed.* John Wiley& Sons. 2004.

2. Student's Activities Manual: Workbook / Laboratory Manual with Audio Program Dawson&Dawson

1. The **Textbook** introduces the basic grammatical structures of the language. Each chapter provides a large number of activities to help you practice the structures introduced. The exercises provide practice in pronunciation, writing and reading the language. The readings (*Notas culturales and Panorama cultural*) offer a wide range of historical, social, political and artistic information to increase the student's knowledge and understanding of the Hispanic world. In class activities are based on the **Práctica y comunicación** exercises to develop speaking skills.

2. Each chapter of the *Cuaderno de ejercicios escritos* and the *Manual de laboratorio* corresponds in theme, vocabulary and grammatical structures to the Textbook.

The **Cuaderno de ejercicios escritos** : It is an essential tool that offers extensive practice in writing the structures introduced in the Textbook. It provides exercises on learning how to write the language.

The **Manual de Laboratorio with the CD's**, offers practice in listening, comprehension and pronunciation of the same material.

The Internet Discovery is an optional activity that provides the student with supplementary materials such as on-line dictionaries, Spanish grammar exercises, etc.

Another site for grammatical practice is studyspanish.com . It provides exercises and practice tests.

Course outline=Plan de Trabajo

Out of class preparation is essential for language learning. Do the assigned material prior to coming to class, not during class. Class time reinforces the material you have already studied at home. Do the exercises in the Activities Manual (*Cuaderno de ejercicios y Manual de Laboratorio*) in conjunction with the structures assigned in the Textbook's exercises. Make sure you finish the material of the three components and do the self test (*autoprueba y repaso*) at the end of a chapter before a test. It will help you become familiar with the structures and will let you know what you need to study.

Note for assignments:

WB refers to Workbook = *Cuaderno de ejercicios* and **LM** refers to Laboratory Manual= *Manual de Laboratorio*
