

Art K111 T1 Drawing I

Day/Time: Mondays and Wednesday 1:00 - 3:45

Three Rivers Community College, Room D103

Instructor: Mark Williams

Office Hours: by appointment

E-mail: livepaint@gmail.com

Course Description:

This class will be an introduction to basic drawing skills. The goal of the course is to familiarize you with the fundamentals of drawing so you can use it as an expressive tool. We will work with still life, landscape, self portrait, and interior space.

This class will emphasize the importance of drawing through careful observation. A variety of techniques and styles will be introduced to arrange compositions and to create the illusion of volume and perspective in your drawings. Exercises will be done in class in addition to assignments that will be done on your own time.

Course Outcomes:

Upon successful completion of Drawing I students should:

- Practice patience, persistence, and careful observation to successfully create drawings.
- Demonstrate familiarity with the fundamentals of drawing so they can use it as an expressive tool, including the construction of effective compositions.
- Understand linear and atmospheric perspective, creating drawings that correctly utilize these skills.
- Be able to create a representational drawing from observation better than they could before taking the course.
- Be familiar with various techniques and styles that can be obtained through the use of both charcoal and pencil.
- Be able to critique a work of art using an informed visual vocabulary.

Areas to be covered:

Observation

- preconceived notions
- positive and negative space

Line

- contour
- gesture

Value

- creating mass, depth and the illusion of light

Composition

- analyzing composition
- creating interesting compositions

Perspective and Depth

- 1 and 2 point perspective
- atmospheric perspective

Learning Outcomes:

This class is primarily a hands-on studio class. Exercises will be done in class in addition to projects that will be done on your own time. Group critiques will be held on assignment due dates. The format of this class is designed to encourage each student to develop his or her own understanding of drawing according to his or her own skill level and pace. You should plan to spend a minimum of one hour on your work outside of class for each hour spent in class (six hours per week.)

Evaluation Procedures:

All materials involved such as sketches and the end product for each project will be collected on assignment due dates. On their due date, **assignments should be completed at the beginning of class.** Assignments will be graded primarily on the amount of time and effort that is put into them. Those that put forth effort in this class will inevitably show improvement in their work as the class progresses.

Class Discussion:

You are expected to be in class with a positive attitude. A positive and amicable environment is a good learning environment. Participating with energy and enthusiasm in class exercises and critiques is to everyone's benefit. Everyone should contribute at least once in each critique. Those who participate more will receive a higher grade in this area.

Course Requirements:

Attendance- Please plan to attend all classes and to miss class only for extenuating circumstances. Attendance on critique dates is mandatory. An absence on a critique date will be recorded as two absences, absence at the final critique will be recorded as three absences (unless a legitimate excuse is provided.)

Tardiness/Leaving Early- Most class announcements are made either at the beginning or end of class. Students who arrive late to class or leave class early will not only miss hearing important information, but also are disruptive to the rest of the class, as the instructor may have to repeat information. Every two times a student leaves early or arrives late equals one absence.

Deadlines- Assignments not completed on time will be lowered one full letter grade for each class they are late (an A becomes a B, a B+ becomes a C+.)

COMPLETION OF ALL ASSIGNMENTS - No student may receive a passing grade for this class without completing all 5 assignments.

Explanation of Criteria for Evaluation/Grade Weights:

Projects- The average of all project grades comprises 60% of the final grade.

Class Participation/Attendance- This comprises 20% of the final grade.

Effort/Improvement- This comprises 20% of the final grade.

Grading System:

A, A-, B+, B, B-, C+, C, C-, D+, D, D-, F

Numerical Components:

A	93-100
A-	90-92
B+	87-89
B	83-86
B-	80-82
C+	77-79

C	73-76
C-	70-72
D+	67-69
D	63-66
D-	60-62
F	0-59

Academic Dishonesty:

Academic Dishonesty shall in general mean conduct which has as its intent or effect the false representation of a student's academic performance, including but not limited to (a) cheating on an examination, (b) collaborating with others in work to be presented, contrary to the stated rules of the course, (c) plagiarizing, including the submission of others' ideas or papers (whether purchased, borrowed, or otherwise obtained) as one's own, (d) stealing or having unauthorized access to examination or course materials, (e) falsifying records of laboratory or other data, (f) submitting, if contrary to the rules of a course, work previously presented in another course, and (g) knowingly and intentionally assisting another student in any of the above, including assistance in an arrangement whereby any work, classroom performance, examination or other activity is submitted or performed by a person other than the student under whose name the work is submitted or performed.

Inclement weather:

In the event of inclement weather, students should call the college's main number at 860-886-0177. There will be a recorded message indicating whether or not classes are being held.

Cell Phones:

Cellular phones and beepers are allowed in class only if they are turned off or turned to a silent mode. Under no circumstances are phones to be answered in class. When there are extenuating circumstances that require that a student be available by phone or beeper, the student should speak to the instructor prior to class, so that together they can arrive at an agreement.

Revisions to Syllabus:

The information contained in this syllabus is subject to revision at the discretion of the instructor. Students will be notified of any changes that will be made.

College Withdrawal Policy:

A student who finds it necessary to discontinue a course once class has met must provide written notice to the Registrar. Withdrawal forms are available at the Registrars' office. Nonpunitive "W" grades are assigned to any withdrawal requested before the various unrestricted withdrawal deadlines listed in the calendars published in front of each session's course listings. Withdrawal requests received after these deadlines must bear instructor signatures. No withdrawals are permitted after the last class preceding the final exam. Students who do not obtain an official withdrawal, but simply stop attending classes, run the risk of receiving an "F" grade for the course.

Disabilities Statement:

If you have a question regarding a disability that may affect your progress in this course, please contact one of the college's Disability Service Providers as soon as possible. Chris Scarborough (892-5751) generally works with students who have learning disabilities or attention deficit disorder. Kathleen Gray (885-2328) generally works with students who have physical, visual, hearing, medical, mobility, and psychiatric disabilities. Matt Liscum (383-5240) also works with students who have disabilities.

Student Art Show:

On the last class meeting, students will bring in what they feel is their most successful work from the class. There is a college-wide Student Art Show at the end of every academic year in May. All students who take an art class are invited to submit one piece done in each studio art class to this show. Several cash prizes are awarded each year to students whose work is displayed in the Student Art Show by an outside juror. Students will be informed of the pick-up date for the Student Art Show in May.
