Course Description

This course has been designed for adults who have achieved college-level learning through direct life/work experience and would like to seek Three Rivers credit for courses which align with this learning. Students will explore past learning experiences and plan future educational goals.

Objectives:

Students will:

1. analyze and identify the quality and quantity of their experiential learning in order to appropriately align their learning with current course objectives and outcomes
2. use this qualitative and quantitative information to engage in the collaboration of their learning
3. recognize and systematically organize their learning into sources of academic units
4. compile a learning portfolio to verify and document the quality of their experiential learning comprised of:
 - a. Narrative description of their significant life/work/volunteer experiences, and the application of their learning.
 - b. Resume that outlines their life/work/volunteer experiences.
 - c. Learning Outcome Statements that identify the learning, skills, and values they acquired through prior experiences and demonstrate the use of Blooms' Taxonomy.
 - d. Primary Documentation Letters from experts to verify and validate the claims put forth in a-c.

Instructional Modes:

Lecture, large group discussion, small group instruction, and practicum; independent and supervised work using individualized materials.

Evaluation Procedures:

Grade options for this course are A, B, C, D, or F (with +/- where applicable).

Students are expected to complete their portfolios and submit them for a grade at the final class. The grade of Incomplete (I) will be given only under **extreme** conditions. Both the instructor and the director's signature are required.

Students must submit a completed portfolio that specifies and verifies the college level learning they have acquired through prior life/work/volunteer experiences. Students may not submit a portfolio for evaluation unless they have successfully passed the course.

Students shall not be awarded credits outside of subject areas encompassed by the approved curricula of Three Rivers.

Credits earned via prior/experiential learning cannot comprise more than 50% of the credits required to complete a degree. This represents a combination of military, CLEP, test-out, and APL credits.

Academic Integrity:

Academic integrity is essential to a useful education. Failure to act with academic integrity severely limits a person's ability to success in the classroom and beyond. Furthermore, academic dishonesty erodes the legitimacy of every degree awarded by the College. In this class and in the course of your academic career, present only your own best work; clearly document the sources of the material you use from others; and act at all times with honor.

Attendance:

Students are required to make every effort to attend class during the semester. If it is necessary to be absent, the student must notify the instructor and obtain the assignment for the missed class. Some classes are designated as mandatory. Failure to attend a mandatory class may adversely affect your grade.

College Withdrawal Policy:

A student who finds it necessary to discontinue a course must complete a withdrawal form in the registrar's office at the time of withdrawal. Please refer to the academic calendarⁱ for the withdrawal deadline. Students who do not withdraw but stop attending will be assigned an 'F'. Eligibility for refund of tuition is based upon date of withdrawal when received by the registrar.

Disability Statement:

If you have a hidden or visible disability that may require classroom or test-taking modifications, please see the instructor as soon as possible. If you have not already done so, please be sure to register with the learning disabilities specialist, who coordinates services to students with disabilities (see <http://www.threerivers.edu/student-life/support-services/accessibility-services/>)

Required Text:

The APL textbook is created by the APL Office and is available in the Blackboard Course Shell.

The MyCommnet Alert:

myCommNet Alert is a system that sends text messages and emails to anyone signed up in the event of a campus emergency. Additionally, TRCC sends messages when the college is delayed or closed due to weatherⁱⁱ.

All students are encouraged to sign up for myCommNet Alert. A tutorial is available on the Educational Technology and Distance Learning Students page of the web site.

Board of Regents for Higher Education and Connecticut State Colleges and Universities Policy Regarding Sexual Misconduct Reporting, Support Services and Processes Policy:

Public Act No. 14-11: An Act Concerning Sexual Assault, Stalking and Intimate Partner Violence on Campus:

The Board of Regents for Higher Education (BOR) in conjunction with the Connecticut State Colleges and Universities (CSCU) is committed to insuring that each member of every BOR governed college and university community has the opportunity to participate fully in the process of education free from acts of sexual misconduct, intimate partner violence and stalking.

Title IX Statement of Policy:

Title IX of the Education Amendments Act of 1972 protects students, employees, applicants for admission and employment, and other persons from all forms of sex discrimination, including discrimination based on gender identity or failure to conform to stereotypical notions of masculinity or femininity. All students are protected by Title IX, regardless of their sex, sexual orientation, gender identity, part or full-time status, disability, race, or national origin, in all aspects of educational programs and activities.

Please Report Student Incidents to: Maria Krug – Student Services – Title IX Coordinator
