ACADEMIC ADVISING
Jennifer Nally, Academic Advising Coordinator
(860) 215-9421
jnally@threerivers.edu

The advising system ensures each student receives individual help with educational and vocational problems, provides each student with advice from a professional with expertise in a particular subject and enables the professional staff to interact with individual students in matters not directly related to classroom performance. All students admitted to a degree or certificate program are assigned to an academic advisor early in their first semester. Students meet with their advisor before registration and at other intervals prior to their final semester. In the student’s next to last semester, the academic advisor will complete a degree or certificate audit in order to verify that degree requirements have been met for graduation. Students initially admitted as Non-Degree who are interested in changing their status to degree-seeking may be assigned another advisor when they submit a Program/Advisor Change Form.

Adviseurs are members of the professional staff, usually full-time faculty members, whose backgrounds make them especially suitable to help students make academic and vocational choices. During the school year, the advisor helps the student select appropriate courses, based on the student's preference, previous records, and standardized test scores. The advisor provides information and assistance regarding program requirements, course content, academic policies, college transfer, and career planning. The advisor also discusses with the student the course of action to be taken when the student is ready to leave Three Rivers Community College. Students may change their advisor using the Program/Advisor Change form located on the Intranet via the link below.

ACADEMIC CALENDAR
Three Rivers Community College follows an academic calendar with four terms per year: fall, winter, spring and summer, which is subject to change throughout the academic year. Refer to the web link for the most up-to-date version.

ACADEMIC DIVISION MEETINGS
Kem Barfield, Interim Dean of Academic and Student Affairs
(860) 215-9210
kbarfield@threerivers.edu

Division meetings are held monthly. The function of the division meeting is to ensure divisional communication and discussion of issues relevant to the division. Participation is welcomed by all members of the division. Agenda items may be contributed by any full or part time member of the Academic Division.
ACADEMIC INTEGRITY
Kem Barfield, Interim Dean of Academic and Student Affairs
(860) 215-9210
kbarfield@threerivers.edu

The effective operation of any organization is dependent on the honesty and goodwill of its members. In an organization devoted to the pursuit of knowledge, acting with integrity is essential to effective teaching and learning. Furthermore, academic dishonesty erodes the legitimacy of every degree awarded by the College. To emphasize the importance of academic integrity, Three Rivers Community College adheres to the Student Conduct and Discipline Policy as provided by the Connecticut State College and Universities (CSCU) Board of Regents for Higher Education. Since collaboration is central to the learning community, Three Rivers wishes to emphasize that this policy is not intended to discourage collaboration when appropriate, approved, and disclosed.

A faculty member can review the policy and procedures regarding Academic Conduct on the College internet https://catalog.threerivers.edu/content.php?catoid=6&navoid=319.

Promoting Academic Integrity at Three Rivers
Faculty are encouraged to distribute and discuss the policy pertaining to academic conduct in their classes and are encouraged to include the following statement in their syllabi:

Academic integrity is essential to a useful education. Failure to act with academic integrity severely limits a person’s ability to succeed in the classroom and beyond. Furthermore, academic dishonesty erodes the legitimacy of every degree awarded by the College. In this class and in the course of your academic career, present only your own best work; clearly document the sources of the material you use from others; and act at all times with honor.

Faculty are encouraged to have students write and sign Honor Statements for assignments where they would be appropriate. For Example: “I have not given nor received any unauthorized assistance in completing this assignment.” or “I assert that the work presented in this assignment is my own original effort.” These assertions are intended to confirm the understanding between faculty and students that academic integrity is essential and not to imply a lack of integrity on the part of any student. Faculty should specify the consequences of failure or refusal to sign and may consider alternative means of affirming academic integrity.

ADD/DROP FORMS
Registrar’s Office (860) 215-9064
tr-registrar@threerivers.edu

Add/drop forms are available from the Registrar’s Office, on-line or from any Student Services Office. A copy of an add/drop form can be found in the Appendix.
Adding Courses
Students may add courses through the date shown in the academic calendar, provided there is an opening in the desired class and the student meets all prerequisites.

Dropping Courses
Students may drop courses up to the final drop date as specified in the academic calendar. Courses dropped prior to or during the first two weeks of classes in a standard semester will not appear on the students transcript. Summer and winter sessions courses must be dropped prior to the beginning of the respective session.

ADDITIONAL RESPONSIBILITIES
Kem Barfield, Interim Dean of Academic and Student Affairs
(860) 215-9210
kbarfield@threerivers.edu

As professionals, each teaching faculty member is expected to extend their services to meet other institutional needs related to the mission, goals, and priorities of the college and system. Each spring, full-time faculty members submit a proposal to the Academic Dean indicating the specific activities undertaken to meet their professional additional responsibilities (i.e. committee leadership, special project work, conference presentations). Please refer to your respective Collective Bargaining Agreement for a specific delineation of activities that fulfill the additional responsibilities commitment. Any faculty hired after July 1, 2017 are responsible for teaching 15 credits per semester and are not required to submit an additional responsibilities proposal.

ADMINISTRATIVE NOTATIONS
AU (Audit)
An administrative transcript notation for students auditing a course. Students not wishing credit may audit a course. This status will allow them to participate in class activities without being required to meet the examination requirements of the course. Students may ask to have papers critiqued, but faculty members are not required to grade an auditor’s course work. Full tuition and fees are charged for courses audited. A student who wishes to audit a course must request this within the first four weeks of the course, using such a forms and procedures as the college may prescribe. Students auditing a course may not change to credit status.

F: This grade is reserved for students who have, in the judgment of the instructor, completed assignments and/or course activities throughout the term sufficient to make a normal evaluation of academic performance possible, but who have failed to meet course objectives.

UF (unearned F): This notation is awarded to students who were enrolled in a course, did not officially withdraw, but who failed to participate in course activities through the end of the term. It is used when, in the judgment of the instructor, completed assignments and/or course activities were insufficient to make normal evaluation of academic performance possible. Students who receive this notation will have reported on their behalf a “last date of participation” by the assigning faculty member. When saved on the grade roster, this notation
will immediately convert to a regular grade of F on the student’s transcript. It will be punitive and count in the GPA. The UF notation is used for internal reporting and will not appear on the student’s transcript.

I (Incomplete)
A temporary grade assigned by the faculty member when course work is missing and the student agrees to complete the requirements. The student and instructor both must sign a contract to permit an "incomplete" grade. The contract will denote what must be completed to resolve the "I" grade. The "I" must be resolved by the end of the 10th week of the next full academic semester (except summer) or it automatically converts to an “F” or “F#” for remedial courses.

NP (Non-Participation)
The community colleges are required to verify the academic engagement of each student in each registered course by demonstrating “academic attendance” or an “academically-related activity” for Title IV purposes. This must be completed prior to the predetermined census date of each traditional semester, as well as during periods of enrollment shorter than the traditional 15-week semester (i.e., summer terms and other abbreviated terms).

Students who are determined to have not academically engaged in a period of enrollment leading up to census shall be assigned a registration status of “Never Participated (NP)” for each affected course. Students with the NP designation will be dropped from the course(s) they have not participated in and will be assessed a Late Drop Fee of $50 for each affected course as outlined in BOR policy 3.7.

P (Pass)
An administrative transcript notation for successful completion of courses taken on a pass/fail basis. Pass (“P”) is a final grade awarded to a student who elects the P/F Option prior to the end of the 10th week of the fall or spring semester or prior to the completion of two-thirds of a summer session or module course. The “P” is not figured in the Grade Point Average, but it does count as a course attempted. The “F” is figured in the Grade Point Average. The Pass/Fail Option is not available for use on courses to be applied toward a technology degree or for courses in the Nursing Program. The P/F option is irrevocable.

TR (Transfer)
An administrative transcript notation in lieu of grade for courses accepted for credit completed at all institutions within the Connecticut state system of higher education and at all other regionally accredited collegiate institutions in accordance with policy adopted by the Connecticut State College and Universities (CSCU) Board of Regents for Higher Education.

W (Withdrawal)
An administrative transcript notation used to indicate that a student is withdrawn from a course in accordance with the procedures prescribed by the college. Students may withdraw, in writing or by phoning the Registrar’s Office directly.
Grades for Developmental Courses
Developmental courses do not carry grade points, and the credits assigned to these courses do not count toward the required credits necessary for graduation. Developmental courses are graded A#, B#, C#, D#, F# which can include plus (+) and minus (-) symbols. Developmental grades are not calculated in the Grade Point Average. Grades received and credits earned or not earned in developmental courses do not affect graduation honors in any way, positively or negatively.

Students who willfully violate College policies and the law face disciplinary action as outlined in the Board of Trustees policy statement on Student Discipline. Faculty can consult the College catalog for further information.

APPEAL OF GRADES
The process for appeals should be followed through the appropriate chain of command. A student who wishes to appeal an awarded grade should first confer with the faculty member concerned within fifteen days of becoming aware of the grade. If the student is not satisfied with the outcome of that conference, the student should see the program coordinator and/or department chair and then, if not satisfied, may submit a written appeal to the Academic Dean, who will consult with the faculty member and the appropriate department chair. The appeals process is described in detail in the Review of Academic Standing section found in the Student Rights Policy.

There is campus security present at the college while classes are in session. In order to assist the College in its efforts to maintain a safe environment, the College relies on the awareness and involvement of the faculty, staff, and student body. Staff and students alike must assume responsibility for their own personal safety and the security of personal property. This can be done by applying simple, common sense rules.

- Do not leave valuable items in vehicles in plain view. Lock them in the trunk.
- When walking to a vehicle, walk with others.
- Have keys ready when returning to vehicle.
- Do not leave belongings unattended.
- Do not give personal information to strangers.
- If a crime is committed, report it to the College immediately.

It is strongly recommended that instructors provide early warning for a cancellation by emailing the class and/or to establish an optional telephone tree.

If the location of an off-campus class is closed the TRCC class will not be held.

When the president directs that the college will be closed, employees are not expected to report to work, except when the president may require the attendance of employees in critical service positions such as maintenance and security and their supervisors. Employees who are not expected to report to work need not charge the time off to accrued leave balances. If the president authorizes cancellation of classes and scheduled educational activities for an entire day, the college will be closed.
Delayed Openings
Delayed openings are similar to college closings in that, with the exception of employees in critical service positions and their supervisors who may be required to report, staff members are not expected to report to work until the specified opening time and need not charge the time off to accrued leave balances. Employees who do not report to work by the specified opening time who are covered by a collective bargaining agreement that excuses late arrivals under specified conditions are entitled to the benefit of such provision. However, provisions for late arrival are to be measured from the beginning of the employee’s shift. Employees who do not report to work at all on a day when the college opening has been delayed will charge the entire shift to an appropriate leave balance.

Early Release
If the president directs an early release, the president shall indicate the time when the college will be closed for the day. Employees who are at work and who leave when the college closes need not charge the time remaining in their shift to an accrued leave balance. Employees whose scheduled work shifts have not begun when the president announces early release need not report to work; however, any time between the scheduled commencement of a shift and the time of college closing shall be charged to an accrued leave balance. Employees whose work shifts would not begin before the time of college closing need not charge the time to an accrued leave balance. Employees in critical service positions (e.g., snow and ice removal, facility security) and their supervisors may not be subject to the early release provisions of this policy.

EARLY PROGRESS ALERT
Jodi Calvert, Associate Dean of Student Services
(860) 215-9220

Progress Alert inside Blackboard is a means of connecting with your at-risk students. This process sends an email directly to the student experiencing academic and/or attendance challenges that may inhibit their success. A copy of the email is also sent to Student Services by putting Progress Alert in the cc and also in the subject line with the student ID. Please refer to link for Instructions on “how to” use Progress Alert: https://www.trcc.commnet.edu/learning-resources/educational-technology/faculty-resources/faculty-blackboard/blackboard-progress-alert/.

Once the Progress Alert email is sent, Student Services will also communicate with the student in writing. The objective is to support students experiencing academic challenges by providing students with strategies and services to help them succeed. A list of resources and contact information will be sent with the letter from Student Services.

Recommended strategies to offer students include:

- Meet with the course instructor and obtain early, frequent and clear communication about their progress (first and foremost).
- Refer students to meet with their assigned academic advisor and to visit the Tutoring Center (TASC) for academic support.
- Meet with a counselor or advisor in the Advising and Counseling department.
- Encourage students to assess priorities and demands in their lives.
- Employ time management skills.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)
Registrar’s Office (860) 215-9064
TR-Registrar@threerivers.edu

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. The rights reside with the student (not the parent), regardless of age, once he or she enrolls at an institution of higher education. Only directory information can be released without a signed release from the student. Directory information includes; names & addresses, dates of attendance at the college, full vs. part-time status, awards and honors, and graduation date. For military recruiters only, telephone number, age, level of education and major can be released. The student has the right to decline to have even directory information disclosed to third parties by filling out an OPT_OUT form. This has some negative consequences so it should be discussed with the registrar.

If a student wants to give permission to talk to a third party (i.e. parent), they must file a disclosure document. A disclosure is a signed and dated document provided by the student to authorize release of personally identifiable information (other than directory information). The release must specify the records to be disclosed, the purpose of the disclosure and to whom the information can be given to. This is kept on file in the registrar’s office. There is a sample in the appendix.

For details and more information, please contact the Registrar’s Office.

MIDTERM & FINAL GRADING PROCESS
http://my.commnet.edu

GRADE ENTRY PROCEDURES
- Web site: http://my.commnet.edu/ (There is a link on the College’s main web page)
- Enter your NET ID (12345678@trcc.commnet.edu) and password
- Click on Banner Student & Faculty Self-Service
- Select TRCC if more than one college is listed
- Click on Faculty/Advisor Services
- Click on the downward arrow in the “Grading Students” box
- Double Click on “Enter Midterm Grades” or “Enter Final Grades” depending on grade period.
- Select a term
- Click on Submit
Please note the following when entering grades:

• If you assign an “incomplete” grade, you must submit completed incomplete form to the Academic Dean.
• Do not enter anything in the Last Attend Date or the Attendance Hours fields UNLESS under a “UF” grade because the student stopped attending.
• If a student has not officially withdrawn you must assign a grade.
• There is a 30-minute time out. If you have not submitted grades within this time limit, you will need to re-enter all the grades. It is a good suggestion to hit the submit grade button every 20 minutes. This will save the grades you have already entered.
• Enter a grade for all students listed on the grade screen.
• If you have more than 25 students in your class, save your grades before you press the link at the top or bottom of the screen indicating #26 through the last student. This will bring you to the second page.
• Final grades are recorded when you press the SUBMIT key. Failure to press the SUBMIT key will cause all grades to be lost. Students will be able to view their grades when they are rolled to academic history once all grades are submitted. GPA’s are not updated for students until all grades in all courses are submitted.

End of term processing requires that ALL grades from ALL courses be submitted and student transcripts cannot be released until end of term processing is completed. Please note: the Office of the Public Records Administrator in Connecticut mandates that faculty grade books (hard copy or electronic) be retained for 5 years from the end of the semester.

GRADE POINT AVERAGE (GPA)

The GPA is used to determine a student’s standing in his or her class and in the College generally. Total grade points for a semester are calculated by multiplying the grade points allocated to each letter grade times the number of credits (in semester hours) assigned to each course attempted. The GPA is calculated by dividing the total number of grade points by the total number of credits earned, either in one semester or over the student’s entire college career. For example:

<table>
<thead>
<tr>
<th>Course</th>
<th>Grade</th>
<th>Credits</th>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>MAT K109</td>
<td>B</td>
<td>3</td>
<td>3.0</td>
</tr>
<tr>
<td>ENG K101</td>
<td>A-</td>
<td>3</td>
<td>3.7</td>
</tr>
<tr>
<td>PSY K111</td>
<td>C</td>
<td>3</td>
<td>2.0</td>
</tr>
<tr>
<td>BIO K111</td>
<td>A</td>
<td>4</td>
<td>4.0</td>
</tr>
</tbody>
</table>

This student's GPA would be 3.24 (42.1 divided by 13).

INCOMPLETE GRADES
Academic Division Office (860) 215-9011

A temporary grade assigned by the faculty member when course work is missing and the student agrees to complete the requirements. The student and instructor both must sign a contract to permit an "incomplete" grade. The Incomplete Contract can be found at https://www.trcc.commnet.edu/intranet/trcc-web/academic-division-forms/. The contract will denote what must be completed to resolve the "I" grade. The "I" must be resolved by the end of the tenth week of the next academic semester (except summer) or it automatically converts to an “F” or “F#” for remedial courses.

Blackboard / Community College Self Help
Each course section (on campus and distance learning) identified with an instructor in Banner has an associated Blackboard shell. Entry to all course shells is via the myCommNet portal (http://my.commnet.edu). The faculty member’s username is the Banner ID# followed by @trcc.commnet.edu. The faculty member’s default password is the first three letters of the birth month with a capital first letter, the @ symbol and the last four digits of the social security number. An example would be Dec@1234.

Faculty members can reset passwords using the NetID web page (http://supportcenter.ct.edu/netid/). Faculty members can also change passwords within myCommNet (http://my.commnet.edu) using the password reset icon.

Faculty using classroom technology and/or Blackboard Learn
As more educators choose to use technology in classes, you are encouraged to consider "plan B" when dealing with a technology component to your class. Particularly if this is the first time you are using a new technology option, you are encouraged to give some thought to how you will handle potential issues so that you are not solely dependent on any one technology. Some examples of "Plan B" in various circumstances include:

- Being prepared to use the document camera with printouts or your textbook instead of using the computer should there be a problem with your PowerPoint file or the instructor station computer;
- Being prepared to reschedule an online quiz or assignment due date to the next day if the WebCT server is unexpectedly unavailable around your cutoff time;
- Having two methods of accessing critical course files in case you have trouble getting to them from the instructor station computer (from your floppy disk, CD, e-mail, WebCT site, or fileserver);
- Having an alternative lesson plan in mind that you can use should something fail to work properly;
- Giving your students several methods to contact you in case of problems (e-mail, phone, WebCT).

The Community Colleges Distance Learning Council has prepared a full Contingency Plan that may help you with your own “Plan B”. It is available at https://www.trcc.commnet.edu/wp-content/uploads/2017/06/contingency-plan.pdf. If you encounter any problems with classroom technology, please report the issue to the IT Help Desk immediately so it can be addressed.

Enhanced Equipment Training
Enhanced equipment and distance learning training are offered on a regular basis as part of the CSCU Educational Technology scheduled workshops. To obtain the schedule, please visit https://events.dudesolutions.com/ct/. There you will find technology workshops offered by all twelve community colleges and you may sign up for any unless you see a prerequisite or restriction on the enrollment. You may also access tutorials from the Internet the Distance Learning Faculty Resources page at https://www.trcc.commnet.edu/learning-resources/educational-technology/.

Web Pages and On-line Courses
If you would like assistance with designing a web page you can contact the Director of Distance Learning. If you would like assistance in developing an on-line course, contact the Director of Distance Learning.
Club, Development, and Collaboration Rooms in Blackboard
Sanctioned college clubs can have a virtual meeting space inside Blackboard. The shell can provide all the tools that are normally available to an online course but usually content, discussion and chat features are used. Development rooms provide a way for faculty members to design courses in advance of the course being scheduled. Collaboration rooms allow faculty, staff or faculty/staff teams to meet and share information virtually. These rooms aid in cross-curricula instructional design, program coordination, department meetings, and project coordination.

Web Pages and On-line Courses2
If you would like assistance with designing a web page you can contact the Director of Distance Learning or the Dean of Information Technology. If you would like assistance in developing an on-line course, contact the Director of Distance Learning.

**SEXUAL MISCONDUCT, SEXUAL ASSAULT, AND INTIMATE PARTNER VIOLENCE POLICY:**
All faculty and staff share an obligation to promptly report any incidents of sexual misconduct,
which includes, but is not limited to, sexual harassment, intimate partner violence, and sexual
assault. Whether the incident is learned of directly or indirectly, a report should be made to the
college’s Title IX Coordinator so that appropriate action can be taken. If a student wishes to report an incident to you directly, please indicate first that you cannot promise the student complete confidentiality. If the student desires complete confidentiality, you may direct him or her to speak with a counselor from the Eastern Connecticut Sexual Assault Crisis Center or a clergy person of their choosing. Please see above link for additional policy details.

The President’s Cabinet serves in the following roles: review, discuss and advise the President relative to institutional policy matters and any other decisions of significant institutional importance and interest, policy implementation coordination and problem solving, general information sharing among the President and members.

Cabinet members are expected to share information in the initiation of projects, planning of policy development which will/may have interdivisional impact, on emerging internal or external issues, problems, or on events of institutional interest or concern. All final Presidential decisions and approvals that relate to the institutional plan, policies, or other decisions of general interest which have undergone appropriate review by the governance system are announced by the President at cabinet meetings and documented in the minutes.

PROFESSIONAL DEVELOPMENT
Stephen Goetchius, Dean of Administration
(860) 215-9005
sgoetchius@threerivers.edu

Professional development monies are made available through the contract for faculty use. Each union has its own guidelines for the amount of professional development funds available each year and how they are distributed. Every year, the Professional Development/Sabbatical Committees for the two unions develop guidelines for the application and distribution of these monies. For the most up to date information on how and when to apply for these funds, you should contact your campus union representative or the human resources office.

PROMOTION
Stephen Goetchius, Dean of Administration
(860) 215-9005

Please refer to your respective collective bargaining agreements (American Federation of Teachers or Congress of Connecticut Community Colleges) for information on eligibility and the process of promotion.

PURCHASING OFFICE
Valerie Smith, Fiscal Administrative Officer
(860) 215-9313
vsmith@threerivers.edu

The Purchasing Office is responsible for a number of functions, including dispensing standard office supplies, handling mailings, overseeing/troubleshooting photocopying equipment, and purchasing other materials that are needed for office space. Anything that the college needs to pay for goes through this office. They also handle the initial paperwork for mileage reimbursements and professional development funds.
If you need to submit a purchase request, you can fill out a Purchase Requisition form, which is available outside the Purchasing Office or on the Intranet at `\trshare\TRCC_Forms\Purchase Requisition form.doc`. Orders placed by Tuesday of each week will be filled on Wednesday and may be picked up in the Purchasing Office.

All purchases must be approved by the Chairperson and the appropriate Dean and then the purchase requisition is forwarded to Purchasing for the review of the Purchasing Services Officer (PSO). At that time, the PSO will review the request and make a determination on the choice of Vendor to receive the best possible price and or service for that request. Do not make any purchases without a purchase order that has been prepared and approved through the current system and signed by the PSO. Any purchase made without the above is not a valid contract by the State of Connecticut and therefore the State is not obligated to make any payments. If you do this, you and only you are responsible for any debt incurred.

Do not place any orders via phone, fax or e-mail. They are not valid purchase orders and will not be recognized by the Purchasing and Accounts Payable Department.

**RELIGIOUS PRACTICES**
In accordance with provisions of state and federal law, Board and College policies prohibit discrimination on the basis of religious belief or practice. This includes the obligation to consider requests for accommodation of such practices.

*Faculty*
Faculty members are required to make prior arrangements with their immediate supervisor for the coverage of any classes that will be missed on account of the faculty member’s absence for religious observance. Arrangements may be made for a substitute teacher, a guest speaker or an alternative assignment that does not require the faculty member to be present. Procedures on class coverage found at Article X, Section 6H of the Congress contract should be followed where applicable. Typically, it will not be feasible to reschedule a class on account of a faculty member’s religious observance.

*Staff*
Non-teaching employees must notify their supervisor in advance of their need for time off on account of a religious holiday. The supervisor will grant the request so long as it is timely made and in accordance with procedures that may have been adopted by the College. When a request is granted, it is generally expected that the employee will use personal leave or vacation time to cover the absence from work. Alternatively, an arrangement may be made to make up the missed work or the employee’s work schedule may be modified.

*Students*
Students have an obligation to notify their instructors in a timely manner regarding anticipated absences for religious observances. Based on procedures adopted by the College, students may be required to request accommodations during the first week of an academic semester or within
a prescribed period of time before the anticipated absence. Requests should be made in writing stating the reason for the request, i.e., conflict with scheduled quiz, test, exam, assignment or activity, the religious observance that poses the conflict and the date or dates of such holiday. If an instructor is unfamiliar with a particular religious holiday, he/she may ask the student for a calendar or other documentation of the religious observance or holiday.

Questions concerning the above should be addressed to the Dean of Administration, Information Technology, and Human Resources (faculty and staff) or to the Academic Dean (students).

sgoetchius@threerivers.edu

Smoking is permitted on Three Rivers Campuses only in specifically designated locations. These locations may change from time to time. Smokers may call the number listed above for information about current locations or refer to signage posted at the college.

Since the success of this program is largely dependent on the support of the entire college community, everyone, including smokers and non-smokers, are asked to comply or assist with the following new rules:

• Do not smoke or use tobacco products in front of either main campus nor within one hundred feet of any entrances or windows (unless in a specifically designated smoking area).
• To the fullest extent possible, try to extinguish smoking materials before leaving your vehicle.
• Only light up and use tobacco products within the designated areas, not en-route to these locations.
• Dispose of used tobacco products only in the trash receptacles provided, not on the ground.
• If violations are noted, please remind students, staff or visitors involved about these rules and about the location of authorized smoking areas.

Please report any habitual or flagrant violations to any of the Three Rivers’ management staff.

STUDENT CLUBS AND ORGANIZATIONS

STUDENT DIVERSITY
Kem Barfield, Interim Dean of Academic and Student Affairs
(860) 215-9210
kbarfield@threerivers.edu

The student body is academically, sociologically, psychologically, and economically diverse. This diversity represents both a challenge and a resource in the classroom. As a faculty or staff member, you need to be able to communicate effectively to a diverse audience. You may have a high school student participating in a high school partnership program, a displaced worker from the defense industry who is looking for a new career but is uncertain whether he or she can succeed in college, a senior citizen attending college for the first time, a single mother on welfare trying to make a better life for herself and her family, a student with dyslexia who needs note-taking and test-taking accommodations, a student whose second language is English, and a member of the Mashantucket-Pequot or Mohegan Tribe preparing for a position in Casino Management, all in the same class.

The challenge for community college teachers is to create an environment in which a diverse student population can succeed. Diversity in the classroom means drawing on a wide range of experience, ideas, values, beliefs, and feelings. It also means that you must work with your students to promote tolerance of opposing points of view. Tolerance requires hard work and is gained through critical thinking about the complex issues of our day.

TASC provides individual academic assistance to students in a comfortable environment. TASC also sponsors seminars and workshops on topics such as study skills, calculator use, test taking, writing skills, and basic English and mathematics skills. Skilled professional and peer tutors, as well as faculty volunteers and staff members, provide free one-to-one or group tutoring to Three Rivers students in many subject areas on an appointment or walk-in basis. A wealth of information about TASC and its goal of helping students to succeed academically, as well as information on online workshops, online tutor training, tutor schedules, and hours of operation can be found at the link above. For an appointment or for more information, contact TASC by phone at (860) 215-9082 or by email.

The Tutoring Center

The Tutoring Center provides one-to-one tutoring for most courses taught at Three Rivers. Group tutoring sessions can be arranged as well. The Tutoring Center also coordinates in-class tutoring programs, which supply supplemental instructional support to a variety of career programs. In addition, the Tutoring Center also offers a variety of Adaptive Technology services and equipment for special needs students, for example, spellcheckers, text-scanners, tape recorders, and specialized tutorial support.

The Writing Center staff provides writing support for all students at all levels of writing ability. The staff also works in subjects across the curriculum, ranging from English to history to nursing. The Writing Center staff members can help students with research paper development in ways such as exploring topics, finding a thesis, drafting, revising, MLA or APA documenting, etc. Walk-in appointments are available, and students can also reserve appointment times up to a month in advance to get feedback on their papers. In addition to the face-to-face services, papers are also accepted via e-mail. Students can take advantage of computer workstations that are fully networked with the rest of the campus, a local printer, copies of the most recent writing handbooks, and up-to-date references on citation and documentation for research.
The Math Lab
The Math Lab has tutoring available for ALL mathematics courses and has a computer lab with software support for the various math course taught at Three Rivers, and also provides automated tutorials and videos for some courses. The Math Lab also has textbooks, handouts, worksheets, and practice tests available for student use.

UNIONS

American Federation of Teachers (AFT) http://www.aft.org/
Connecticut Employees Union Independent (CEUI)

Congress of Connecticut Community Colleges (4Cs)
http://www.the4cs.org/

A union is a group of individuals who join together to form an organization which represents them regarding work and employment issues. Unions are also known as collective bargaining units. There are four active unions on the TRCC campus: the American Federation of State, County and Municipal Employees (AFSCME), American Federation of Teachers (AFT), Connecticut Employees Union Independent (CEUI), and the Congress of Connecticut Community Colleges (4Cs). When faculty members are hired by the college, they will be assigned to either the 4Cs or the AFT. Staff members may be placed in any of the unions depending on their job classification within the state system. Decisions are made as to where to place a new employee based on a formula of proportional representation (i.e. members are added to the AFT or the 4Cs to keep the proportions of members the same as they were when the campus merged in 1992).

Union members vote for officers and contracts, serve on contract committees on campus, attend chapter meetings, and have the opportunity to participate in state-wide initiatives. To obtain copies of your union contract or to find out more about how to get involved in union activities, contact your local union representative.

The Workforce and Community Education Department coordinates noncredit courses for individuals, business and industry, and also provides custom training for a variety of community clients. Workforce and Community Education Department programs are self-supporting: each year more than 3,000 residents become involved in noncredit courses, seminars, and workshops, as well as the many cultural activities and special educational services offered through the Department.

WRITING ACROSS THE CURRICULUM
Jon Brammer, Writing Center Coordinator (860) 215-9214
TRWritingCenter@threerivers.edu

There are many holistic skills that are vital to college success. One of them is writing; most academic fields require students to produce written work of some kind. Here are a few suggestions for all instructors that encourage writing across the curriculum:

• Assign at least two writing assignments where students must do more than merely "give back" information; pose a question or problem that requires them to think critically.

• Be clear about your standards and expectations for writing; provide a rubric or written assignment sheet whenever possible.

• Demonstrate what a good piece of writing in your class looks like by providing models from your discipline.

• Give feedback on student writing. Talk about what has been effective in a given assignment and what has not been effective.

• When asking an "essay" question on an exam, be sure the question is direct and well-
focused, and leads the student to a specific pattern of organization. Do not assume that students can organize material on their own without some clue or signpost such as "compare" or "analyze the causes of" or "trace."

• Make students aware of any specific writing styles or formats expected in your discipline; do not assume that what you expect is universally expected.
• Make students aware of the kinds of sentence-level editing errors that will or will not be tolerated; do not expect that all grammatical errors will disappear after ENG 101 and ENG 102.
• Recognize that good writing skills need to be reinforced and developed throughout a college education in all subject areas.
