Contents

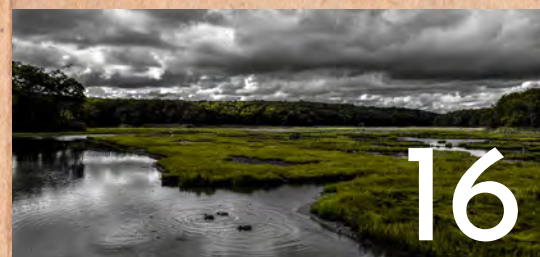

Digital Art

Digital art, once called computer art or new media art, refers to art made using software, computers, or other electronic devices.

Literature

Literature is defined as books and other written works, especially those considered to have creative or artistic merit or lasting value.

Photography

Photography is the process of recording an image - a photograph - digitally using an electronic device.

Fine Arts

Fine arts is a broad category of art that involves work created for aesthetic value and beauty rather than functional value.

Lanterne Poem

"The Next Kiss"

In
the sun
Looking in
your big brown eyes
deep

Our
faces
collide close
Turning sideways
Go

We
begin
the sweet kiss
Lips are one piece
Soft

Touch
and feel
Heaven's taste
Mine to have now
Lips

Pantoum - Robot Poem

(Non-rhyming)

Plug in the cord
Turn on the machine
Another day of work
Another day of thinking

Turn on the machine
Observe your surroundings
Another day of thinking
Going about quickly through the day

Observe your surroundings
Everyday just the same routine
Going about quickly through the day
A robot; numb and mind racing

Everyday just the same routine
Another day of work
A robot; numb and mind racing
Plug in the cord
